

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Riz Wan Invest Now LLC
DOCKET NO.: 15-34185.001-R-1
PARCEL NO.: 16-22-204-038-0000

The parties of record before the Property Tax Appeal Board are Riz Wan Invest Now LLC, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,307
IMPR.: \$1,967
TOTAL: \$5,274

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject parcel is improved with a two-story masonry multi-family dwelling. The dwelling is 91 years old and contains 2,637 square feet of living area. It features a full basement apartment. The site contains 3,150 square feet of land area and is located in neighborhood 91 in Chicago, West Chicago Township, Cook County. It is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable properties. They are described as two-story multi-family dwellings built between 1910 and 1925. They range in size from 2,234 to 2,822 square feet of living area and feature full unfinished basements. Two comparables have 1 or 2-car garages. The comparables are located in neighborhood code 91. They sold between May 2014 and January 2015 for prices ranging from \$20,000 to \$65,000 or from \$7.09 to \$29.10 per

square foot of living area including land. The appellant did not report information on classification, exterior construction or site sizes for the comparables. Based on this evidence, the appellant requested the total assessment be reduced to \$1,813 or a market value of approximately \$18,130 or \$6.88 per square foot of living area including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$17,362. The subject's assessment reflects a market value of approximately \$173,620 or \$65.84 per square foot of living area, land included.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables but did not submit any sales comparables. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant asserted the appellant's comparables were better than the board of review comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

Initially, the Board finds neither parties' comparables were particularly similar to the subject. The appellant did not provide any information on site sizes of the comparables and all five comparables had unfinished basements as compared to the subject's finished basement apartment. The board of review comparables were equity comparables, not sales. Despite the lack of site size and dissimilar basements, the Board finds the best evidence of market value in the record to be the appellant's comparables. These comparables sold from May 2014 to January 2015 for prices ranging from \$20,000 to \$65,000 or from \$7.09 to \$29.10 per square foot of living area including land. The subject's assessment reflects a market value of \$173,620 or \$65.84 per square foot of living area including land which is greater than the range established by the most similar comparables in the record on both a total market value basis as well as a per square foot basis. Based on this record, the Board finds the appellant has proven by a preponderance of the evidence that the subject is overvalued and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
