

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steve Jedlinski
DOCKET NO.: 15-34340.001-R-1
PARCEL NO.: 14-31-130-055-0000

The parties of record before the Property Tax Appeal Board are Steve Jedlinski, the appellant(s), by attorney Ronald Justin, of the Law Offices of Ronald Justin in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,816
IMPR.: \$76,404
TOTAL: \$83,220

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story, single-family dwelling of masonry construction with 2,099 square feet of living area. Features of the dwelling include a slab basement, two baths, and a two car garage. The dwelling was constructed in 1998 and is located in Chicago, West Chicago Township, Cook County. The property is a class 2-78 per the Cook County Real Property Classification Ordinance.

The appellant argued that the fair market value of the subject property was not accurately reflected in its assessed value as the basis of this appeal. In support of the market value argument, the appellant submitted one sale comparable. In support of the sale comparable, a REDFIN printout was submitted.

The appellant also contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$83,220. The subject's assessment reflects a market value of \$832,200 or \$396.47 per square foot of living area, land included, when using the 2015 level of assessment for class 2-78 properties of 10% as determined by the Cook County Real Property Classification Code. The subject property has an improvement assessment of \$76,404 or \$36.40 per square foot of living area

In support of its contention of the correct assessment the board of review submitted eight equity comparables and sales data for comparables #1, #2, #5 and #6.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the appellant's sale comparable and the board of review's sale comparables #3, #4, #5 and #6. These similar comparables sold for prices ranging from \$226.13 to \$476.19 per square foot of living area, including land. The subject's assessment reflects a market value of \$396.47 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Regarding the appellant's equity argument, the Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review's comparables #7 and #8. These comparables had improvement assessments that ranged from \$31.06 to \$38.57 per square foot of living area. The subject's improvement assessment of \$36.40 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
