

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zivota Mirkovic
DOCKET NO.: 15-34619.001-R-1
PARCEL NO.: 16-25-108-002-0000

The parties of record before the Property Tax Appeal Board are Zivota Mirkovic, the appellant(s), by attorney Brandon Eichhorn, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,307
IMPR.: \$25,877
TOTAL: \$29,184

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of two residential improvements on one parcel of land. Improvement #1 is a three-story dwelling of masonry construction with 3,610 square feet of living area. It is 115 years old. Improvement #2 is a one-story, masonry dwelling that is 115 years old. It contains 1,254 square feet of living area. The property has a 3,150 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance. No evidence was submitted as to the subject's owner-occupancy.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales, with adjustment information, for Improvement #1. They sold from August 2014 through September 2015 for prices ranging from

\$40,000 to \$1855,000 or from \$12.38 to \$63.44 per square foot of living area, including land. No sale comparables were submitted for Improvement #2.

The appellant also contends equity as a basis of appeal. In support of this argument, the appellant submitted equity data for eight suggested comparable properties.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,917. The subject's assessment reflects a market value of \$459,170, or \$94.40 per square foot of living area, including land, when applying the 2015 statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on nine comparables that reflected sale data. These comparables sold between July 2012 and March 2015 for sale prices ranging from \$128,000 to \$985,000, or \$99.07 to \$351.13 per square foot of living area, including land.

The board of review also submitted 12 comparables that reflected equity data for both improvements.

In written rebuttal, the appellant argued that board of review's sale and equity comparables were not similar to the subject for various reasons. The appellant also requests that the Board use the median sale price per square foot of the best comparables in the record in determining whether the subject is overvalued.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board rejects the appellant's argument that the Board should use the median sale price per square foot of the best comparables in the record in ascertaining whether the subject is overvalued as this argument was only raised during rebuttal, and, therefore, the board of review was not granted an opportunity to challenge this argument. As such, this argument was not made timely. 86 Ill.Admin.Code §1910.66(c) ("Rebuttal evidence shall not consist of new evidence such as an appraisal or newly discovered comparable properties. A party to the appeal shall be precluded from submitting its own case in chief in the guise of rebuttal evidence.").

The Board finds the best evidence of market value to be appellant's comparables #1 through #5. These comparables sold for prices ranging from \$12.38 to \$63.44 per square foot of living area, including land. The subject's assessment reflects a market value of \$94.40 per square foot of living area, including land, which is above the range established by the best comparables in this

record. Based on this record, the Board finds a reduction in the subject's assessment is justified based on overvaluation.

The Board additionally finds that the subject is now equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
