

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Milanka Lucic
DOCKET NO.: 15-34667.001-R-1
PARCEL NO.: 13-08-428-041-1006

The parties of record before the Property Tax Appeal Board are Milanka Lucic, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,127
IMPR.: \$14,657
TOTAL: \$15,784

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a residential condominium unit. It contains 1,200 square feet of living area and has a 2.174% ownership interest in the condominium as a whole. The dwelling is 25 years old. The property has a 39,900 square foot site and is located in Jefferson Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and a contention of law as the bases of the appeal. In support of the equity argument the appellant submitted information on four equity comparables. Two of the comparables are located within the subject condominium. In support of the contention of law, the appellant submitted a copy of the Illinois Indoor Air Quality Act. 410 ILCS 87 and submitted several printouts regarding water quality. The appellant also listed several environmental problems with the subject property's quality of air, water, and noise level.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,784. The subject property has an improvement assessment of \$14,657 or \$12.21 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on 43 equity comparables located in the subject condominium.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparables #3 and #4 and the board of review comparable identified as unit 1006. These comparables had improvement assessments that ranged from \$11.62 to \$12.21 per square foot of living area. The subject's improvement assessment of \$12.21 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The appellant states various problems regarding the quality of the subject's indoor air and contends the poor air quality has caused health problems including cancer. The appellant also listed various issues with the subject property's noise level and quality of water. The Board finds that the appellant did not submit any evidence to quantify the adverse effects these issues have on the market value of the subject property. As such, the Board finds the appellant did not meet the burden of proving by a preponderance of the evidence that the subject property is overvalued and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
