

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gregory Smits
DOCKET NO.: 15-35095.001-R-1
PARCEL NO.: 13-06-224-023-0000

The parties of record before the Property Tax Appeal Board are Gregory Smits, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,250
IMPR.: \$11,842
TOTAL: \$24,092

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,118 square feet of living area. The dwelling is approximately 61 years old. Features of the home include a full unfinished basement and a one-car attached garage. The property has an 8,750 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted four comparable sales located within the same neighborhood assessment code as the subject property. The comparables consist of three, 1-story dwellings and one, 1.5 story dwelling that range in age from 55 to 64 years old. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from

1,097 to 1,143 square feet of living area and are situated on sites ranging in size from 3,250 to 4,920 square feet of land area. The comparables sold from December 2013 to September 2015 for prices ranging from \$225,000 to \$245,000 or from \$200.89 to \$215.95 per square foot of living area including land. Based on this evidence, the appellant requested the total assessment be reduced to \$22,460.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,334. The subject's assessment reflects a market value of \$313,340 or \$280.27 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance. In support of the subject's assessment, the board of review submitted information on three equity comparables¹ and one comparable sale located within the same neighborhood assessment code as the subject property. Comparable #3 had features with varying degrees of similarity when compared to the subject. It sold July 2012 for a price of \$240,000 or \$187.21 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant argued the board of review's comparables should be given no weight because the comparables lacked sales data. Counsel also argued that the one comparable submitted by the board of review "supports the appellant's contention that the subject property is overvalued."

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value in the record to be the appellant's comparables. These properties were similar to the subject in location, age, size, dwelling design, exterior construction and other features. The comparables sold for prices ranging from \$225,000 to \$245,000 or from \$200.89 to \$215.95 per square foot of living area, including land. The subject's total assessment reflects a market value of \$313,340 or \$280.27 per square foot of living area, including land which falls above the range established by the best comparables in this record. The Board gave less weight to the board of review's comparable #3 due to its 2012 sale date, which is less proximate in time to the January 1, 2015 assessment date. Based on this record the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment is justified.

¹ The board of review included a grid analysis of three equity comparables which will not be further addressed on this record as the Board finds equity data is not responsive to the appellant's market value argument.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
