

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Syed & Sultana Amanullah  
DOCKET NO.: 15-35231.001-R-1  
PARCEL NO.: 13-01-109-004-0000

The parties of record before the Property Tax Appeal Board are Syed & Sultana Amanullah, the appellants, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,657  
**IMPR.:** \$14,067  
**TOTAL:** \$20,724

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 1,256 square feet of living area. The dwelling is approximately 66 years old. Features of the home include a full unfinished basement and a one-car detached garage. The property has a 4,092 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellants submitted four comparable sales located within the same neighborhood assessment code as the subject property. The comparables consist of one-story dwellings that range in age from 63 to 92 years old. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,226 to 1,296 square feet of living

area and are situated on sites that contain 3,720 or 4,125 square feet of land area. The comparables sold from May 2012 to September 2015 for prices ranging from \$187,425 to \$220,000 or from \$148.15 to \$172.14 per square foot of living area including land. Based on this evidence, the appellants requested the total assessment be reduced to \$18,610.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,439. The subject's assessment reflects a market value of \$284,390 or \$226.43 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance. In support of the subject's assessment, the board of review submitted information on three equity comparables<sup>1</sup> within the same neighborhood assessment code as the subject property. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellants argued the board of review's comparables should be given no weight because the comparables lacked sales data.

### **Conclusion of Law**

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value in the record to be the appellants' comparables #2, #3 and #4. These properties sold more proximate in time to the January 1, 2015 assessment date at issue and were similar to the subject in location, size, dwelling design and other features. The comparables sold for prices ranging from \$187,425 to \$220,000 or from \$152.88 to \$174.14 per square foot of living area, including land. The subject's total assessment reflects a market value of \$284,390 or \$226.43 per square foot of living area, including land which falls above the range established by the best comparables in this record. The Board gave less weight to the appellants' comparable #1 due to its 2012 sale date, which is less proximate in time to the January 1, 2015 assessment date. Based on this record the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment is justified.

---

<sup>1</sup> The board of review included a grid analysis of three equity comparables which will not be further addressed on this record as the Board finds equity data is not responsive to the appellants' market value argument.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
