

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rada Colakovic Bankers Trust
DOCKET NO.: 15-35582.001-R-1
PARCEL NO.: 33-31-103-008-0000

The parties of record before the Property Tax Appeal Board are Rada Colakovic Bankers Trust, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,650
IMPR.: \$1,815
TOTAL: \$3,465

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject parcel is improved with a multi-level frame dwelling. The dwelling is 39 years old and contains 770 square feet of living area. Features include a partial basement finished in rec room quality. The site contains 6,600 square feet of land area. It is located in neighborhood 162 in Sauk Village, Bloom Township, Cook County and is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable properties. They are described as multi-level dwellings built between 1972 and 1974 and ranging in size from 764 to 912 square feet of living area. The comparables feature partial basements with rec room quality finished areas. Two have one or two-car garages and one features central air conditioning. The comparables are located in neighborhood code 162. They sold between June 2014 and February 2015 for prices ranging

from \$16,000 to \$35,555 or from \$17.70 to \$45.81 per square foot of living area including land. The appellant did not report information on classification codes, exterior construction or land sizes for the comparables. Based on this evidence, the appellant requested the total assessment be reduced to \$2,443 or a market value of approximately \$24,430 or \$31.73 per square foot of living area including land when applying the Cook County Real Property Assessment Ordinance level of assessment for class 2 property.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$5,431. The subject's assessment reflects a market value of approximately \$54,310 or \$70.53 per square foot of living area, land included.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables, none of which had recently sold. They had varying degrees of similarity as compared to the subject. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant asserted the appellant's comparables are better than the board of review comparables since none of the board of review comparables had recently sold.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the evidence in the record supports a reduction in the subject's assessment.

The Board finds the only evidence of market value in this record to be the comparable sales submitted by the appellant. These comparables sold for prices ranging from \$16,000 to \$35,555 or from \$17.70 to \$45.81 per square foot of living area, including land. The subject's assessment reflects a market value above this range. The Board gave no weight to the board of review comparables since the basis of the appeal was overvaluation and none of the board of review comparables were sales. The Board gave less weight to appellant's comparables #2 through #5 based on larger dwelling sizes and/or dissimilar features as compared to the subject. The Board finds the evidence in the record supports a reduction in the assessment.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
