

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nichole V. Kornafel
DOCKET NO.: 15-35667.001-R-1
PARCEL NO.: 13-08-127-015-0000

The parties of record before the Property Tax Appeal Board are Nichole V. Kornafel, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,092
IMPR.: \$12,908
TOTAL: \$17,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject parcel is improved with a 1.5-story masonry single-family dwelling. The dwelling is 68 years old and contains 1,650 square feet of living area. The dwelling features a full unfinished basement. The property is located in neighborhood 430 in Chicago, Jefferson Township, Cook County and is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. The appellant completed Section IV - Recent Sale Data of the appeal indicating the subject was purchased on November 25, 2014 for \$170,000. The purchase was made through a realtor, from the owner of record, and was not between family or related corporations. The property was advertised for sale through the Multiple Listing Service. The appellant submitted a Settlement Statement disclosing the purchase date and price and that the seller was an individual/trust. The appellant also submitted

an MLS Listing Sheet indicating the property was an estate sale, the subject's original listing price on October 5, 2014 was \$225,000 and the subject was on the market 31 days. The appellant also submitted a Listing and Property History Report indicating the subject underwent two price reductions between listing and sale. Based on this evidence the appellant requested the total assessment be reduced to \$17,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,234. The subject's assessment reflects a market value of approximately \$262,340 or \$158.99 per square foot of living area, land included, when applying the Cook County Real Property Assessment Ordinance level of assessment for class 2 property.

In support of the subject's assessment the board of review submitted four comparables. They are described as 1 or 1.5-story frame or masonry dwellings ranging in age from 56 to 92 years old and ranging in size from 1,043 to 1,650 square feet of living area. Three have basements, two with finished areas, and one is on a slab foundation. They sold from August 2012 to July 2015 for prices ranging from \$160,000 to \$290,000 or from \$129.05 to \$274.88 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant states the board of review does not dispute the recent sale of the subject, nor does it provide any evidence that the recent sale was not valid.

Conclusion of Law

The taxpayer contends overvaluation as the basis of the appeal. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment based on overvaluation is warranted.

The Board finds the appellant completed Section IV of the Appeal Form and submitted a Settlement Statement and an MLS Listing Sheet disclosing the subject property was purchased from an individual/trust in an estate sale on November 25, 2014 for \$170,000. The subject was on the market 31 days and had undergone two price reductions between listing and sale. The Board finds the purchase was an arm's length transaction which was not refuted by the board of review. The Board gave less weight to the comparables submitted by the board of review based on dissimilar style, age, dwelling size and/or features as compared to the subject. Comparables #1 and #4 are dated sales from 2012 which are less indicative of market value as of the subject's assessment date of January 1, 2015. The Board finds the appellant has proven by a preponderance of the evidence that the subject is overvalued, and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
