

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alan Dooley  
DOCKET NO.: 15-36031.001-R-1  
PARCEL NO.: 14-33-310-026-0000

The parties of record before the Property Tax Appeal Board are Alan Dooley, the appellant(s), by attorney Glenn S. Guttman, of Rieff Schramm Kanter & Guttman in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$21,600  
**IMPR.:** \$66,617  
**TOTAL:** \$88,217

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property contains two residential improvements situated on one parcel. Improvement #1 is a 127 year-old, three-story dwelling of frame construction containing 2,874 square feet of living area. Features of Improvement #1 include a slab foundation. Improvement #2 is a 127 year-old, two-story dwelling of frame and masonry construction containing 747 square feet of living area. Features of Improvement #2 include a slab foundation. The property has a 2,400 square foot site located in North Chicago Township, Cook County. It is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five suggested equity comparables only for Improvement #1. The appellant did not submit information on Improvement #2. However, the appellant also listed the total for both improvement assessments when calculating the

improvement assessment per square foot of Improvement #1. The appellant requested a total assessment reduction to \$79,770.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$88,217. Improvement #1 has an improvement assessment of \$48,308, or \$16.81 per square foot of living area. Improvement #2 has an improvement assessment of \$18,309, or \$24.51 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables for each of the two improvements, and on one suggested sale comparable for Improvement #1.

In rebuttal, the appellant argued that the comparables submitted as evidence by the board of review should be given diminished weight because they were dissimilar to the subject in various key property characteristics. The appellant reaffirmed the request for an assessment reduction.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of Improvement #1 assessment equity to be the board of review's comparables #1, #2 and #3. These comparables had improvement assessments that ranged from \$20.15 to \$25.96 per square foot of living area. Improvement #1's assessment of \$16.81 per square foot of living area falls below the range established by the best comparables in this record. The Board finds the best evidence of Improvement #2 assessment equity to be the board of review's comparables #1, #2 and #3. These comparables had improvement assessments that ranged from \$34.17 to \$34.67 per square foot of living area. Improvement #2's assessment of \$24.51 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and holds that a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
