

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kristine Nickerson
DOCKET NO.: 15-36559.001-R-1
PARCEL NO.: 16-08-213-011-0000

The parties of record before the Property Tax Appeal Board are Kristine Nickerson, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,660
IMPR.: \$1,203
TOTAL: \$3,863

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,146 square feet of living area. The dwelling is approximately 123 years old. Features of the home include a full unfinished basement and a two-car detached garage. The property has a 3,547 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and overvaluation as the bases of the appeal. In support of the inequity argument the appellant submitted information on four equity comparables located within the same neighborhood assessment code as the subject property. The comparables consist of two-story dwellings that range in age from 115 to 132 years old. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range

in size from 1,964 to 2,156 square feet of living area and have improvement assessments ranging from \$4,985 to \$7,654 or from \$2.49 to \$3.55 per square foot of living area.

In support of the overvaluation argument, the appellant submitted an appraisal estimating the subject property had a market value of \$66,000 as of June 12, 2012. The appraisal was prepared by Jonathan Putnam, a certified residential real estate appraiser. In estimating the market value of the subject property, the appraiser developed the cost approach and sales comparison approach to value.

The appellant disclosed the subject sold June 28, 2012 for a price of \$64,000 and had been advertised for sale as set forth in Section IV-Recent Sale Data of the appeal petition. To document the sale, the appellant submitted a copy of the Settlement Statement revealing the amount of Broker's Fees paid at settlement.

The appellant also submitted four comparable sales located within the same neighborhood assessment code as the subject property. The comparables consist of two-story dwellings that range in age from 102 to 112 years old. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,918 to 2,200 square feet of living area and are situated on sites ranging in size from 4,416 to 5,040 square feet of land area. The comparables sold from February to November of 2014 for prices ranging from \$30,604 to \$39,000 or from \$14.93 to \$18.77 per square foot of living area including land. Based on this evidence, the appellant requested the total assessment be reduced to \$3,200.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$13,405. The subject's assessment reflects a market value of \$134,050 or \$62.47 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance. The subject property has an improvement assessment of \$10,745 or \$5.01 per square foot of living area.

In support of the subject's assessment, the board of review submitted information on four equity comparables located within the same neighborhood assessment code as the subject property. The comparables consist of two-story dwellings that range in age from 110 to 117 years old. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,638 to 2,178 square feet of living area and have improvement assessments ranging from \$10,889 to \$11,809 or from \$5.12 to \$6.65 per square foot of living area.

The board of review failed to provide any sales data in order to address the appellant's overvaluation argument.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant argued the board of review's comparables should be given no weight because they lacked sales data.

Conclusion of Law

The appellant contends in part the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted on this basis.

The Board finds the best evidence of market value in the record to be the appellant's sale comparables. These properties sold proximate in time to the January 1, 2015 assessment date at issue and were similar to the subject in location, age, size, dwelling design, exterior construction and other features. The comparables sold for prices ranging from \$30,604 to \$36,000 or from \$14.93 to \$18.77 per square foot of living area, including land. The subject's total assessment reflects a market value of \$134,050 or \$62.47 per square foot of living area, including land which falls above the range established by the best comparables in this record. The Board finds the subject's 2012 sale date and appraisal to be dated, occurring less proximate to the assessment date at issue. Based on this record the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment is justified on this basis.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted on this basis.

The parties submitted eight equity comparables for the Board consideration. After considering the subject's assessment reduction granted based on the appellant's overvaluation claim, the Board finds no further reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
