

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Al Overton
DOCKET NO.: 15-36586.001-C-1
PARCEL NO.: 16-14-107-030-0000

The parties of record before the Property Tax Appeal Board are Al Overton, the appellant(s), by attorney Mary Ann Connelly, of the Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,468
IMPR.: \$175,230
TOTAL: \$190,698

Subject only to the State multiplier as applicable.

tatement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 18,750 square foot parcel of land improved with an 87-year old, three-story, masonry, apartment building. The property is located in West Chicago Township, Cook County and is a class 3-91 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity and overvaluation as the bases of the appeal. In support of the equity argument, the appellant submitted three comparables. In support of the overvaluation argument, the appellant submitted actual income and loss statements for 2013 through 2015 and a rent roll.

The appellant lists the subject as containing 67,396 square feet of building area and includes a copy of the 2005 property record card for the subject's parcel identification number.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment is \$246,341 with an improvement assessment of \$230,870. The subject's total assessment reflects a market value of \$2,463,410 when using the level of assessment for class 3 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of the assessment the board of review submitted eight sales comparables. The board of review lists the subject's size as 42,123 square feet of building area and included a copy of the 1987 property record card for the subject's parcel identification number.

Conclusion of Law

As to the subject's size, the Board finds the best evidence to be the appellant's more recent property record card. Therefore, the Board finds the subject contains 67,396 square feet of building area which reflects an improvement assessment of \$3.43 per square foot of building area.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The appellant submitted documentation showing the vacancy and income of the subject property. The Board gives the appellant's argument little weight. In Springfield Marine Bank v. Property Tax Appeal Board, 44 Ill.2d 428 (1970), the court stated:

[I]t is the value of the "tract or lot of real property" which is assessed, rather than the value of the interest presently held. . . [R]ental income may of course be a relevant factor. However, it cannot be the controlling factor, particularly where it is admittedly misleading as to the fair cash value of the property involved. . . [E]arning capacity is properly regarded as the most significant element in arriving at "fair cash value".

Many factors may prevent a property owner from realizing an income from property that accurately reflects its true earning capacity; but it is the capacity for earning income, rather than the income actually derived, which reflects "fair cash value" for taxation purposes. Id. at 431.

Actual expenses and income can be useful when shown that they are reflective of the market. Although the appellant's attorney made this argument, the appellant did not demonstrate through an expert in real estate valuation that the subject's actual income and expenses are reflective of the market. To demonstrate or estimate the subject's market value using income, one must establish, through the use of market data, the market rent, vacancy and collection losses, and expenses to arrive at a net operating income reflective of the market and the property's capacity for earning income. The appellant did not provide such evidence and, therefore, the Board gives this argument no weight. Moreover, the Board finds that sales comparables submitted by the

board of review support the subject's assessment and that a reduction based on market value is not warranted.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the best evidence of assessment equity to be the appellant's comparables. These comparables had improvement assessments ranging from \$1.14 to \$2.64 per square foot of building area. The subject's improvement assessment of \$3.43 per square foot of building area is above the range of the best comparables in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
