

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Karla Burzynski
DOCKET NO.: 15-36652.001-R-1
PARCEL NO.: 06-20-404-028-0000

The parties of record before the Property Tax Appeal Board are Karla Burzynski, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,160
IMPR.: \$30,140
TOTAL: \$31,300

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,366 square feet of living area. The dwelling is approximately seven years old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a three-car attached garage. The property has a 15,469 square foot site and is located in Elgin, Hanover Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted four comparables sales located within the same neighborhood code as the subject property. The comparables consist of two-story dwellings that are seven years old. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 3,182 to 3,358 square feet of living area and are situated on sites

ranging in size from 10,438 to 15,106 square feet of land area. The comparables sold from February 2013 to July 2015 for prices ranging from \$285,000 to \$295,000 or from \$87.85 to \$89.57 per square foot of living area including land.

The appellant's submission also included an appraisal estimating the subject property has a market value of \$320,000 as of January 5, 2015. The appraisal was prepared in relation to a purchase transaction by Pamela Plancon, a certified residential real estate appraiser. In estimating the market value of the subject property, the appraiser developed the sales comparison approach and the cost approach to value.

Furthermore, the appellant disclosed the subject was purchased on January 30, 2015 for a price of \$313,000 and had been advertised for sale as set forth in Section IV-Recent Sale Data of the appeal petition. To document the sale, the appellant submitted a copy of the Settlement Statement revealing the amount of Broker's Fees paid at settlement. Based on this evidence, the appellant requested the total assessment be reduced to \$29,570.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,543. The subject's assessment reflects a market value of \$345,430 or \$102.62 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of the subject's assessment, the board of review submitted information on four comparables with different neighborhood codes than the subject property. The comparables consist of two-story dwellings that range in age from 17 to 20 years old. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 2,013 to 2,347 square feet of living area and are situated on sites ranging in size from 6,105 to 10,000 square feet of land area. The comparables sold from June 2014 to September 2015 for prices ranging from \$271,500 to \$317,000 or from \$129.22 to \$154.00 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant argued the board of review's comparables should be given no weight because the evidence includes "unadjusted sales." Counsel also argued the board of review presented no evidence challenging the arm's length nature of the subject's transaction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in January 2015 for a sale price of \$313,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related. In further support of the transaction the appellant submitted a copy of the Settlement Statement revealing the amount of Broker's Fees paid at settlement. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Furthermore, the Board gave less weight to the board of review's comparables due to their distant location, older age and smaller dwelling sizes when compared to the subject property. Based on this record the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
