

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Parveen Sultana
DOCKET NO.: 15-36655.001-R-1
PARCEL NO.: 13-16-118-036-0000

The parties of record before the Property Tax Appeal Board are Parveen Sultana, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 4,127
IMPR.: \$13,373
TOTAL: \$17,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a one-story dwelling of masonry construction with 1,192 square feet of living area. The dwelling is 49 years old. The property has a 3,175 square foot site, and is located in Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance. No evidence was submitted as to whether the subject is owner occupied.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant stated that the subject was purchased on May 2, 2012 for \$175,000, or \$146.81 per square foot, including land. In support of the sale, the appellant provided a settlement statement. The appellant also provided information on four suggested sale comparables. These comparables sold between November 2012 and June 2014 for prices ranging from \$112.43 to \$147.83 per

square foot of building area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$13,400.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,252. The subject's assessment reflects a market value of \$232,520, or \$195.07 per square foot of building area, including land, when applying the statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four sale comparables, all of which reflected equity data. These comparables sold between September 2013 and October 2015 for sale prices ranging from \$177.50 to \$262.86 per square foot of building area, including land. The sale of the subject in May 2012 for \$175,000 was also reflected on the grid sheet.

At hearing, the appellant's attorney had no details on the circumstances surrounding the sale. The board of review's representative rested on their written submission.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best comparables in the record to be appellant's comparables #1, #3 and #4, as they were most similar in size, location and amenities. These comparables sold for prices ranging from \$112.43 to \$147.83 per square foot of building area, including land. The subject's assessment reflects a market value of \$195.07 per square foot of building area, including land, which is above the range established by the best comparables in this record. Additionally, both parties' evidence indicated the subject was purchased for \$175,000 in May 2012. Although the appellant's attorney could not confirm the transaction details, neither party submitted any evidence to indicate this was a compulsory sale. Accordingly, the Board finds the appellant has proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
