

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dimitar Doychinov
DOCKET NO.: 15-36826.001-R-1
PARCEL NO.: 16-24-105-012-0000

The parties of record before the Property Tax Appeal Board are Dimitar Doychinov, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,102
IMPR.: \$ 9,626
TOTAL: \$15,728

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 2,890 square feet of living area. The dwelling is 115 years old. The property has a 5,812 square foot site and is located in West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on March 25, 2014 for a price of \$15,000, or \$5.19 per square foot, including land, from Tiera McCant in a cash transaction. In support of this argument the appellant submitted information on four sale comparables. These comparables sold between March 2013 and March 2014 for prices ranging from \$7.36 to \$15.16 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$1,500.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,728. The subject's assessment reflects a market value of \$157,280, or \$54.42 per square foot, including land, when applying the 10% level of assessment as determined by the Cook County Real Property Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, all of which reflected sale data. They sold from January 2014 to October 2015 for sale prices ranging from \$55.55 to \$73.63 per square foot, including land. The board of review argued that the appellant's recent sale was compulsory, and provided a memorandum and "deed trail" as supporting evidence.

In rebuttal, the appellant argued that the recent purchase price is the best evidence of the subject's fair market value.

At hearing, the appellant's attorney indicated this sale was a compulsory sale in the form of a short sale. The board of review rested on its written submission.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant has not met this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the sale of the subject in March 2014 for \$15,000 was a "compulsory sale" through the documentation submitted by the parties. A "compulsory sale" is defined as:

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

Additionally, real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 2011 IL App (2d) 100068, ¶ 36 (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill.App.3d 207, 211 (2d Dist. 1979)).

However, when there is a recent sale of the subject, and that sale is compulsory, the Board may consider evidence which would show whether the sale price was representative of the subject's fair cash value. See 35 ILCS 200/16-183 ("The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer."). Such evidence can include the descriptive and sales information for recently sold properties that are similar to the subject. See Id. The Board finds the best evidence of market value to be the appellant's comparables #1 through #4, as well as the board of review's comparable(s) #1, #3 and #4. They sold for prices ranging from \$7.36 to \$73.63 per square foot of living area, including land. The subject's assessment reflects a market value of \$54.42 per square foot of living area, including land, which is within the range established by the best comparables in this record. Moreover, the appellant's sale price reflects a market value of \$5.19 per square foot of living area, including land, which is well below the range established by the best comparables in this record. Based on this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
