

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Antonia Asimis  
DOCKET NO.: 15-37515.001-R-1  
PARCEL NO.: 17-08-447-031-1004

The parties of record before the Property Tax Appeal Board are Antonia Asimis, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,919  
**IMPR.:** \$36,641  
**TOTAL:** \$46,560

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a condominium unit within a eight-year old, multi-story, six-unit condominium building. The property is located in West Chicago Township, Cook County and is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of the overvaluation argument, the appellant submitted evidence of the sale of three units located within the subject's building. These units sold from July 2013 to April 2014 for a total amount of \$1,455,000. The appellant argues that the total should be reduced by 10% to account for personal property for an adjusted value of \$1,309,500. The appellant then applies the percentage of ownership of these sales of 50% to arrive at a total value of the building of \$2,619,000. The appellant then multiplies the subject's percentage of ownership of 16% to this value to arrive at a value for the subject unit of

\$419,040. The appellant then requests that a 9.4% level of assessment should be applied to this adjusted value.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,247. The subject's assessment reflects a market value of \$512,470 when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on two sales from units within the subject's building. The units sold in September 2013 and April 2014 for a total amount of \$1,210,000. The board adjusted the sales down by 10% to account for personal property for an adjusted value of \$1,089,000. The board of review then applies the percentage of ownership of these sales of 34% to arrive at a total value of the building of \$3,202,941. The board of review then multiplies this value by the subject's percentage of ownerships, 16%, to arrive at a value for the subject of \$512,470. These two comparables are also included in the appellant's evidence.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appellant's comparables, with two included in the board of review's evidence. These three comparables sold from July 2013 to April 2014 for a total amount of \$1,455,000. However, the Board gives no weight to the appellant's or board of review's adjustment for personal property as there is no evidence of this in the record. Therefore, the Board will apply the percentage of ownership of these comparables of 30% to the unadjusted total to arrive at a value for the building of \$2,910,000. In applying the subject's percentage of ownerships of 16%, the Board finds the subject has a value of \$465,600. The Board finds the appellant incorrectly listed the level of assessment. In applying the correct level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%, the Board finds the appellant showed by a preponderance of the evidence that the subject property was overvalued and a reduction is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
