

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin Kotas
DOCKET NO.: 15-37938.001-R-1
PARCEL NO.: 13-19-416-029-0000

The parties of record before the Property Tax Appeal Board are Kevin Kotas, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,362
IMPR.: \$12,118
TOTAL: \$17,480

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,231 square feet of living area. The dwelling is approximately 78 years old. Features of the home include a full unfinished basement and a two-car detached garage. The property has a 4,125-square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and overvaluation as the bases of the appeal. In support of the inequity argument the appellant submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables consist of two, 1-story and two, 1.5-story dwellings that range in age from 42 to 85 years old. The comparables had features with varying degrees of similarity when compared to the subject. The

dwellings range in size from 1,229 to 1,281 square feet of living area and have improvement assessments ranging from \$19,151 to \$19,743 or from \$14.95 to \$15.82 per square foot of living area.

In support of the overvaluation argument, the appellant submitted an appraisal estimating the subject property had a market value of \$175,000 as of February 15, 2013. The appraisal was prepared by Bernie Pedersoli, a certified residential real estate appraiser. In estimating the market value of the subject property, the appraiser developed the sales comparison approach to value.

The appellant also submitted four comparable sales located within the same neighborhood code as the subject property. The comparables consist of three, 1-story and one, 1.5-story dwelling that range in age from 65 to 86 years old. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,188 to 1,279 square feet of living area and are situated on sites ranging in size from 3,619 to 5,535 square feet of land area. The comparables sold from June 2012 to June 2014 for prices ranging from \$130,000 to \$180,000 or from \$106.64 to \$142.26 per square foot of living area including land. Based on this evidence, the appellant requested the total assessment be reduced to \$13,130.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,782. The subject's assessment reflects a market value of \$267,820 or \$217.56 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance. The subject property has an improvement assessment of \$21,420 or \$17.40 per square foot of living area.

In support of the subject's assessment, the board of review submitted information on four comparables located within the same the neighborhood code as the subject property. The comparables consist of one-story dwellings that are 77 and 85 years old. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings ranging in size from 1,020 to 1,224 square feet of living area and are situated on sites ranging in size from 4,250 to 4,836 square feet of land area. The dwellings have improvement assessments ranging from \$21,035 to \$23,461 or from \$19.17 to \$20.62 per square foot of living area.

Comparables #1 and #4 sold December 2012 and August 2013 for prices of \$196,000 and \$230,000 or \$192.16 and \$206.09 per square foot of living area including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel argued that the board of review's comparables should be given no weight because the evidence includes "unadjusted sales."

Conclusion of Law

The appellant contends in part the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of

market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted on this basis.

The Board finds the best evidence of market value in the record to be the appellant's comparables #3 and #4. These properties sold proximate in time to the January 1, 2015 assessment date at issue and were similar to the subject in location, age, size, dwelling design, exterior construction and other features. The comparables sold for prices of \$169,000 and \$180,000 or \$140.73 and \$142.26 per square foot of living area, including land. The subject's total assessment reflects a market value of \$267,820 or \$217.56 per square foot of living area, including land which falls above the best comparables established in this record. The Board gave little weight to the subject's February 2013 appraisal, the appellant's comparables #1 and #2 and the board of review's comparables #1 and #4, which appear to be dated and less indicative of market value as of the subject's assessment date of January 1, 2015. Based on this record the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment is justified on this basis.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The parties submitted eight equity comparables for the Board consideration. After considering the subject's assessment reduction granted based on the appellant's overvaluation claim, the Board finds no further reduction is warranted on this basis.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

DISSENTING: _____

CERTIFICATION

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: June 19, 2018

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
