

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dan Florian  
DOCKET NO.: 15-39044.001-R-1  
PARCEL NO.: 13-05-429-048-1006

The parties of record before the Property Tax Appeal Board are Dan Florian, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,188  
**IMPR.:** \$14,273  
**TOTAL:** \$15,461

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a condominium unit within an eight-year old, multi-story, eight-unit condominium building. The property is located in Jefferson Township, Cook County and is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of the overvaluation argument, the appellant submitted evidence of the sale of six units located within the subject's building. These units sold in August 2012 to June 2015 for a total amount of \$957,540. The appellant argues that the total should be reduced by 10% to account for personal property for an adjusted value of \$861,786. The appellant then applies the percentage of ownership of these sales of 73.66% to arrive at a total value of the building of \$1,169,951. The appellant then multiplies the subject's percentage of ownership of 12.70% to this value to arrive at a value for the subject unit of

\$148,584. The appellant then requests that a 9.4% level of assessment should be applied to this adjusted value.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,461. The subject's assessment reflects a market value of \$154,610 when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on six sales from units within the subject's building. These units sold from August 2012 to May 2015 for a total value of \$1,003,000. The board adjusted the sales down by 10% to account for personal property for an adjusted value of \$902,704. The board of review then applies the percentage of ownership of these sales of 74.15% to arrive at a total value of the building of \$1,217,402. The board of review then multiplies this value by the subject's percentage of ownerships, 12.7%, to arrive at a value for the subject of \$154,610. Six of these comparables were also included in the appellant's evidence.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appellant's #1, #2, #3, and #4 and the board of review's comparables #1, #4, #5, and #6. The board of review's comparables #1, #4, and #6 are also included in the appellant's evidence. These five comparables, sold from March 2013 to June 2015 for a total amount of \$861,540. However, the Board gives no weight to the appellant's or board of review's adjustment for personal property as there is no evidence of this in the record. Therefore, the Board will apply the percentage of ownership of these comparables of 61.04% to the unadjusted total to arrive at a value for the building of \$1,411,435. In applying the subject's percentage of ownerships of 12.7%, the Board finds the subject has a value of \$179,252. The Board finds the appellant incorrectly listed the level of assessment. In applying the correct level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%, the Board finds the appellant failed to show by a preponderance of the evidence that the subject property was overvalued and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
