

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dominick Marre
DOCKET NO.: 15-39180.001-R-1
PARCEL NO.: 06-24-316-003-0000

The parties of record before the Property Tax Appeal Board are Dominick Marre, the appellant(s), by attorney Adam E. Bossov, of the Law Offices of Adam E. Bossov, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 4,950
IMPR.: \$ 10,521
TOTAL: \$ 15,471

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a two-story dwelling of frame construction with 1,599 square feet of living area. The dwelling is 26 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace, and a two-car garage. The property has a 6,600 square foot site, and is located in Streamwood, Hanover Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance. No evidence was submitted as to whether the subject is owner occupied.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables.

The appellant also contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted sales information for the four equity comparables. These comparables sold from January 1991 to April 2006 for prices ranging from \$119,900 to \$274,000, or \$83.96 to \$157.20 per square foot of living area, including land. The appellant's grid sheet also states that the subject was purchased in April 2015 for \$125,400. No evidence was submitted in support of this sale.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,471. The subject property has an improvement assessment of \$10,521, or \$6.58 per square foot of living area. The subject's assessment reflects a market value of \$154,710, or \$96.75 per square foot of living area, including land, when applying the 2015 statutory level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.00%.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the sale comparables submitted by the appellant are too remote in time to accurately depict the market value for the subject as of January 1, 2015. Therefore, these comparables were given no weight in the Board's analysis. Moreover, no evidence was submitted detailing the alleged sale of the subject in April 2015 for \$125,400. Thus, this sale was given no weight in the Board's analysis. Based on this record, the Board finds the appellant did not demonstrate, by a preponderance of the evidence, that the subject is overvalued.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant comparable #2, and board of review comparables #1, #2, and #4. These comparables had improvement assessments that ranged from \$4.88 to \$8.49 per square foot of living area. The subject's assessment of \$6.58 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed, and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
