

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Antonio Hernandez
DOCKET NO.: 15-39214.001-R-1
PARCEL NO.: 13-05-324-015-0000

The parties of record before the Property Tax Appeal Board are Antonio Hernandez, the appellant, by attorney Anthony M. Farace, of Amari & Locallo in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,208
IMPR.: \$28,426
TOTAL: \$33,634

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family dwelling of frame construction. The dwelling is approximately 88 years old and has 2,186 square feet of living area. Features include two apartment units and a concrete slab foundation. The property has a 3,720 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted limited evidence disclosing the subject property was purchased on March 28, 2013 for a price of \$225,000. In Section IV – Recent Sale Data of the residential appeal form, the appellant stated the sellers were individuals; the parties to the transaction were not related; and the property had been advertised for sale. The appellant did not answer questions that asked if the property sold using a realtor; how the property had been advertised for sale and for how long;

and if the property had sold in settlement of a foreclosure. To document the transaction, the appellant submitted a copy of the Cook County Real Property Transfer Tax Declaration, which indicated the property had been advertised for sale. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,634. The subject's assessment reflects a market value of \$331,043 or \$151.44 per square foot of living area, land included, when using the 2015 three-year average median level of assessment for class 2 property of 10.16% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales that sold from January 2014 to June 2015 for prices that ranged from \$355,000 to \$427,000 or from \$149.34 to \$189.39 per square foot of living area, land included. The comparables have the same assigned neighborhood and classification codes as the subject. Their sites range from 3,712 to 3,900 square feet of land area. The comparables are improved with two-story, multi-family dwellings of masonry or frame construction. The dwellings range in age from 60 to 100 years old and contain from 1,933 to 2,578 square feet of living area. Two of the comparables have full basements, with one having finished area, and three comparables have a garage, either one-car or two-car. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gave little weight to the subject's sale because it did not occur proximate in time to the assessment date at issue. The subject sold in March 2013, which was over 21 months prior to the January 1, 2015 assessment date. In addition, the appellant did not provide sufficient evidence to demonstrate the subject's sale was arm's length. The appellant did not answer the question that asked if the subject sold using a realtor and did not provide a copy of the settlement statement that might have answered that question. The appellant also did not answer questions that asked how the subject had been advertised for sale and for how long and did not provide any documentation that might have answered these questions.

The Board finds the best evidence of market value in the record to be the board of review comparable sales. These properties sold more proximate to the assessment date and were similar to the subject in varying degrees. The board of review comparables sold from January 2014 to June 2015 for prices that ranged from \$149.34 to \$189.39 per square foot of living area, land included. The subject's assessment reflects a market value of \$151.44 per square foot of living area, including land, which is within the range of market value established by the best

comparable sales in the record. Based on this record, the Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
