

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Norton & Norton, LLC  
DOCKET NO.: 15-39405.001-R-1  
PARCEL NO.: 20-20-214-021-0000

The parties of record before the Property Tax Appeal Board are Norton & Norton, LLC, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,193  
**IMPR.:** \$7,100  
**TOTAL:** \$9,293

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a 2014 Final Administrative Decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) in order to challenge the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject parcel is improved with a two-story multi-family masonry dwelling. The dwelling is 112 years old and contains 2,790 square feet of living area. Features include a full unfinished basement and a two-car garage. The site contains 3,375 square feet of land area. It is located in neighborhood 130 in Chicago, Lake Township, Cook County and is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable properties. They are described as two-story multi-family dwellings built between 1906 and 1912 and ranging in size from 2,544 to 2,704 square feet of living area. They have features with varying degrees of similarity to the subject. The comparables are located in neighborhood code 130. They sold from February 2014 to July 2015 for prices ranging from \$15,000 to \$90,000 or from \$5.69 to \$33.31 per square foot of

living area including land. The appellant did not report information on classification codes, exterior construction or land sizes for the comparables. Based on this evidence, the appellant requested the total assessment be reduced to \$1,857 or a market value of approximately \$18,570 or \$6.66 per square foot of living area including land when applying the Cook County Real Property Assessment Ordinance level of assessment for class 2 property.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,200. The subject's assessment reflects a market value of approximately \$182,000 or \$65.23 per square foot of living area, land included.

In support of its contention of the correct assessment the board of review submitted information on four comparables, one of which sold in December 2012 for \$298,000 or \$107.27 per square foot of living area including land. The comparable had features with varying degrees of similarity as compared to the subject. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant asserted the appellant's comparables are better than the board of review comparables since three of the board of review comparables had not recently sold and one sold in 2012.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the evidence in the record supports a reduction in the subject's assessment.

The Board gave no weight to the board of review comparables #1, #2 and #3 since the basis of the appeal was overvaluation and none of these three comparables were sales. The Board gave little weight to board of review comparable #4 since it was a dated sale from 2012 which is less indicative of market value as of the subject's assessment date of January 1, 2015. Despite the lack of site sizes, the Board finds the best evidence of market value in this record to be the comparable sales submitted by the appellant. These comparables sold for prices ranging from \$15,000 to \$90,000 or from \$5.69 to \$33.31 per square foot of living area, including land. More weight was given to appellant's comparable #1 as it was similar to the subject in dwelling size, age, location and features. The subject's assessment reflects a market value of approximately \$182,000 or \$65.23 per square foot of living area, land included, which is higher than the range established by the best comparables in the record. The Board finds the evidence in the record supports a reduction in the assessment.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
