

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank White  
DOCKET NO.: 15-39406.001-R-1  
PARCEL NO.: 20-18-218-040-0000

The parties of record before the Property Tax Appeal Board are Frank White, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,176  
**IMPR.:** \$5,669  
**TOTAL:** \$7,845

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a 2014 Final Administrative Decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) in order to challenge the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject parcel is improved with a two-story multi-family masonry dwelling. The dwelling is 103 years old and contains 3,899 square feet of living area. Features include a full unfinished basement. The site contains 3,627 square feet of land area. It is located in neighborhood 120 in Chicago, Lake Township, Cook County and is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable properties. They are described as two-story multi-family dwellings built between 1911 and 1926 and ranging in size from 3,486 to 3,976 square feet of living area. They had features with varying degrees of similarity to the subject. The comparables are located in neighborhood codes 120 and 130. They sold from July 2014 to August 2015 for prices ranging from \$19,900 to \$80,000 or from \$5.11 to \$20.12 per square foot of living area including land. The appellant did not report information on classification codes,

exterior construction or land sizes for the comparables. Based on this evidence, the appellant requested the total assessment be reduced to \$3,722 or a market value of approximately \$37,220 or \$9.55 per square foot of living area including land when applying the Cook County Real Property Assessment Ordinance level of assessment for class 2 property.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$17,498. The subject's assessment reflects a market value of approximately \$174,980 or \$44.88 per square foot of living area, land included.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables, none of which had recently sold. They had varying degrees of similarity as compared to the subject. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant asserted the appellant's comparables are better than the board of review comparables since none of the board of review comparables had recently sold.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the evidence in the record supports a reduction in the subject's assessment.

The Board gave no weight to the board of review comparables since the basis of the appeal was overvaluation and none of the board of review comparables were sales. The Board finds the only evidence of market value in this record to be the comparable sales submitted by the appellant. These comparables sold for prices ranging from \$19,900 to \$80,000 or from \$5.11 to \$20.12 per square foot of living area, including land. Less weight was given to appellant's comparables #1, #2, #4, #5 and #6 based on dissimilarities with the subject in neighborhood code and/or basement finish. More weight was given to appellant's comparable #3 as it was similar to the subject in location, style, age, dwelling size and most features. The subject's assessment reflects a market value of approximately \$174,980 or \$44.88 per square foot of living area, land included, which is higher than the best comparable in the record. The Board finds the evidence in the record supports a reduction in the assessment.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
