

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Grappler Properties, LLC
DOCKET NO.: 15-39411.001-R-1
PARCEL NO.: 16-15-316-013-0000

The parties of record before the Property Tax Appeal Board are Grappler Properties, LLC, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,071
IMPR.: \$141
TOTAL: \$3,212

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a 2014 Final Administrative Decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) in order to challenge the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject parcel is improved with a two-story multi-family masonry dwelling. The dwelling is 104 years old and contains 1,756 square feet of living area. The subject features a full unfinished basement and a one-car garage. The site contains 2,925 square feet of land area. The subject is located in neighborhood 102 in Chicago, West Chicago Township, Cook County and is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on eight comparable properties. They are described as two-story multi-family dwellings built between 1899 and 1914 and ranging in size from 1,474 to 2,190 square feet of living area. They had features with varying degrees of similarity to the subject. The comparables are located in neighborhood codes 102 and 91. They sold from March

2014 to April 2015 for prices ranging from \$12,800 to \$35,000 or from \$7.73 to \$18.29 per square foot of living area including land. The appellant did not report information on classification codes, exterior construction or land sizes for the comparables. Based on this evidence, the appellant requested the total assessment be reduced to \$2,460 or a market value of approximately \$24,600 or \$14.01 per square foot of living area including land when applying the Cook County Real Property Assessment Ordinance level of assessment for class 2 property.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$17,119. The subject's assessment reflects a market value of approximately \$171,190 or \$97.49 per square foot of living area, land included.

In support of its contention of the correct assessment the board of review submitted information on four comparables described as two-story multi-family frame or masonry dwellings. The comparables range in age from 87 to 92 years old and range in size from 3,554 to 4,880 square feet of living area. They had features with varying degrees of similarity to the subject. The comparables are located in neighborhood code 71. They sold from November 2013 to January 2015 for prices ranging from \$195,000 to \$234,000 or from \$39.96 to \$64.72 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant asserted the appellant's comparables are better than the board of review comparables and cited dissimilarities between the board of review comparables and the subject.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the evidence in the record supports a reduction in the subject's assessment.

The parties submitted a total of twelve comparables for the Board's consideration. The Board gave less weight to the board of review comparables based on their location, site size, dwelling size, features and/or a sale from 2013 which is dated and less indicative of market value as of the subject's assessment date of January 1, 2015. The Board also gave less weight to the appellant's comparables #6 and #7 based on location. The remaining six comparables sold for prices ranging from \$7.73 to \$18.29 per square foot of living area, including land. The subject's assessment reflects a market value of \$97.49 per square foot of living area, land included, which is not supported by any of the comparables submitted by either party. The Board gave more weight to appellant's comparable #3 based on its location and similarities to the subject. The Board finds the evidence in the record supports a reduction in the assessment.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
