

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frontier Investment Group, LLC
DOCKET NO.: 15-39456.001-R-1
PARCEL NO.: 03-29-403-041-0000

The parties of record before the Property Tax Appeal Board are Frontier Investment Group, LLC, the appellant, by attorney George J. Behrens, of McCracken, McCracken & Behrens, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$604
IMPR.: \$47,843
TOTAL: \$48,447

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story rowhouse dwelling of frame and masonry construction with 2,080 square feet of living area. The property has a 1,272 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that were located either .4 of a mile or 1.2 miles from the subject property. The comparables had varying degrees of similarity to the subject and contained 1,534 or 1,983 square feet of living area. They had improvement assessments ranging from \$27,352 to \$40,398 or \$17.83 and \$20.37 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,447. The subject property has an improvement assessment of \$47,843 or \$23.00 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables that were located on the same block as the subject property. The comparables had varying degrees of similarity to the subject and contained 2,040 or 2,060 square feet of living area. They had improvement assessments ranging from \$47,841 to 47,919 or from \$23.22 to \$23.46 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review's comparables. These comparables were most similar to the subject in location, style, size, age and features. These comparables had improvement assessments that ranged from \$23.22 to \$23.46 per square foot of living area. The subject's improvement assessment of \$23.00 per square foot of living area falls below the range established by the best comparables in this record. The Board gave less weight to the appellant's comparables due to their proximate locations being over a mile from the subject property or their significantly smaller sizes when compared to the subject. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
