

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nosson Factor
DOCKET NO.: 15-39511.001-R-1
PARCEL NO.: 13-02-208-046-0000

The parties of record before the Property Tax Appeal Board are Nosson Factor, the appellant(s), by attorney Arnold G. Siegel, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,696
IMPR.: \$18,304
TOTAL: \$25,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two story, single-family dwelling of masonry construction with 2,174 square feet of living area. Features of the home include a full unfinished basement, two and one-half baths, and air conditioning. The dwelling was constructed in 1953. The property has a 5,580 square foot site and is located in Chicago, Jefferson Township, Cook County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$280,000 as of July 12, 2012.

In addition, the appellant submitted a copy of the settlement statement, real estate contract, and deed confirming the sale of the subject on August 8, 2014 for \$250,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,763. The subject's assessment reflects a market value of \$387,630 or \$178.30 per square foot of living area, land included, per square foot of living area, including land, when applying the level of assessment for class 2 properties of 10.00% as determined by the Cook County classification ordinance.

In support of its contention of the correct assessment, the board of review submitted three sale equity comparables with sale information for comparable #3 and confirmation of the 2012 sale of the subject.

In rebuttal, the appellant's attorney stated that the board of review only submitted one sale comparable.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in July 2014 for a price of \$250,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction and in support of the transaction, the appellant submitted a copy of the settlement statement, contract and deed. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Additionally, the appraisal submitted by the appellant were given diminished weight because "[a] contemporaneous sale between parties dealing at arm's length is not only relevant to the question of fair cash market value but would be practically conclusive on the issue of whether an assessment was at full value." Residential Real Estate Co. v. Prop. Tax Appeal Bd., 188 Ill.App.3d 232, 242 (5th Dist. 1989) (citing People ex rel. Korzen v. Belt Ry. Co. of Chicago, 37 Ill.2d 158 (1967)). Based on this record the Board finds the subject property had a market value of \$250,000 as of January 1, 2015. Since market value has been established the level of assessment for class 2 properties of 10.00% as determined by the Cook County classification ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
