

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Douglas & Margaret Riemer
DOCKET NO.: 15-39521.001-R-1
PARCEL NO.: 06-24-413-033-0000

The parties of record before the Property Tax Appeal Board are Douglas & Margaret Riemer, the appellants, by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,264
IMPR.: \$10,088
TOTAL: \$12,352

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 1,231 square feet of living area. The dwelling is 23 years old. Features of the home include a slab foundation, central air conditioning and an attached one-car garage. The property has a 3,019 square foot site and is located in Streamwood, Hanover Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellants submitted information on three comparable sales. The comparables were two-story dwellings that had varying degrees of similarity to the subject. The comparables had sale dates occurring from June to December 2013 for prices of \$86,000 to \$90,000 or from \$69.98 to \$84.23 per square foot of living area, including land.

The appellants also argued that the subject property is overvalued based on the recent sale of the subject in December 2013 for \$86,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$12,352. The subject's assessment reflects a market value of \$123,520 or \$100.34 per square foot of living area, land included, when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales. The comparables were two-story dwellings that had varying degrees of similarity to the subject. The comparables had sale dates occurring from March to December 2014 for prices ranging from \$115,000 to \$158,000 or from \$101.57 to \$133.45 per square foot of living area, including land.

The appellants submitted rebuttal critiquing the board of review's submission.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

As an initial finding regarding the subject's December 2013 sale, the Board finds the sale is not recent due to its occurrence greater than 12 months prior to the January 1, 2015 assessment date at issue.

As to the comparable sales submitted by the appellants, the Board finds that the sales also occurred greater than 12 months prior to the January 1, 2015 assessment date at issue. Therefore, the Board will give less weight to the subject's December 2013 sale and the appellants' comparable sales that each occurred in 2013.

The Board finds the best evidence of market value to be the board of review's comparable sales. These comparables were most similar to the subject in location, design, age, size and features. These comparables also sold more proximate in time to the January 1, 2015 assessment date at issue than did the subject and the appellants' comparables. These most similar comparables sold from March to December 2014 for prices ranging from \$115,000 to \$158,000 or from \$101.57 to \$133.45 per square foot of living area, including land. The subject's assessment reflects a market value of \$123,520 or \$100.34 per square foot of living area, including land, which is within the range of the best comparables in this record on a total market value basis and below the range on a per square foot basis. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
