

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shah Kokila  
DOCKET NO.: 15-39977.001-R-1  
PARCEL NO.: 08-23-201-069-0000

The parties of record before the Property Tax Appeal Board are Shah Kokila, the appellant, by attorney Herbert B. Rosenberg, of Schoenberg Finkel Newman & Rosenberg LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,220  
**IMPR.:** \$38,208  
**TOTAL:** \$40,428

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Property Tax Appeal Board pursuant to Section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject consists of a two-story multi-family building of masonry construction with 4,782 square feet of building area. The building is 38 years old. Features include a full basement finished as an apartment. The property has a 2,776-square foot site, and is located in Mount Prospect, Elk Grove Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance. No evidence was submitted as to whether the subject was owner-occupied.

The appellant requested the Board to accept the instant appeal as a direct appeal from the Property Tax Appeal Board's December 19, 2017 decision to reduce the subject's assessment in docket #14-22867.001-R-1.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables located outside the subject's development. Six of the comparables were located in different neighborhood codes than the subject property. The comparables are improved with two-story multi-family buildings of masonry exterior construction that are 36 or 40 years old. The buildings range in size from 4,401 to 5,001 square feet of building area and have improvement assessments ranging from \$26,247 to \$36,076 or from \$5.96 to \$7.73 per square foot of building area. Based on this evidence, the appellant requested the total assessment be reduced to \$34,403.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,428.<sup>1</sup> The subject property has an improvement assessment of \$38,208 or \$7.99 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with two-story multi-family buildings of masonry exterior construction that are 38 years old. The buildings range in size from 4,670 to 5,329 square feet of building area and have improvement assessments ranging from \$46,763 to \$51,112 or \$9.59 and \$10.01 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, counsel for the appellant critiqued the board of review's submission and further argued that the Board is precluded, as a matter of law, from using any comparables from within the subject's development in determining the subject's correct assessment for tax year 2015, and cites Pace Realty Group, Inc. v. Property Tax Appeal Bd., 306 Ill App.3d 718 (2d Dist. 1999), in support of this argument.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #7 through #9 and the board of review's comparables. These comparables are similar when compared to the subject in location, age, building size, design, exterior construction and features. These comparables had improvement assessments ranging from \$7.41 to \$10.01 per square foot of building area. The subject's improvement assessment of \$7.99 per square foot of building area falls within the range established by the comparables in this record.

---

<sup>1</sup> It appears the board of review used an incorrect total assessment amount in the Board of Review-Notes on Appeal.

Less weight was given to the appellant's comparables #1 through #3 due to differences from the subject in location. The Board gave less weight to the appellant's comparables #4 through #6 due to differences from the subject in location and the fact that none of the comparables had a basement.

In addition, as to the appellant's contention under Pace Realty Group, Inc. v. Property Tax Appeal Bd., 306 Ill App.3d 718 (2d Dist. 1999), the appellant failed to establish that the board of review only used comparables located in the subject's complex. Furthermore, the board of review's comparables #2 through #4 are located in Elk Grove Village not in the subject's development located in Mount Prospect.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
