

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gerry Tadros
DOCKET NO.: 15-39986.001-R-1
PARCEL NO.: 20-10-212-020-0000

The parties of record before the Property Tax Appeal Board are Gerry Tadros, the appellant, by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,375
IMPR.: \$10,021
TOTAL: \$14,396

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Property Tax Appeal Board pursuant to Section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of masonry exterior construction with 3,999 square feet of living area. The dwelling is approximately 104 years old. Features include a full basement finished as an apartment. The property has a 3,125-square foot site and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant requested the Board to accept the instant appeal as a direct appeal from the Board's December 19, 2017 decision to reduce the subject's assessment in docket #14-34633.001-R-1. In support of this request, the appellant attached a copy of that decision and a letter dated January 16, 2018 requesting a direct appeal.

The appellant contends overvaluation as the basis of the appeal. In support of the overvaluation argument, the appellant submitted three comparable sales located within the same neighborhood code as the subject property. The comparables consist of one, two-story multi-family dwelling and two, three-story multi-family dwellings that were built in 1890 or 1912. The dwellings have full unfinished basements and two of the comparables have garages. The dwellings range in size from 2,752 to 5,508 square feet of living area. The comparables sold in May or December of 2013 for prices ranging from \$126,000 to \$140,000 or from \$31.25 to \$39.98 per square foot of living area including land. Based on this evidence, the appellant requested the total assessment be reduced to \$13,887.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,051. The subject's assessment reflects a market value of \$220,510 or \$55.14 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

The board of review failed to provide any sales data in order to address the appellant's overvaluation argument.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value in the record to be the appellant's comparable sales. These properties were similar to the subject in location, age and other features. The comparables sold for prices ranging from \$126,000 to \$140,000 or from \$31.25 to \$39.98 per square foot of living area, including land. The subject's total assessment reflects a market value of \$220,510 or \$55.14 per square foot of living area, including land which falls above the range established by the best comparables in this record. Based on this record the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment is justified on this basis.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
