

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Greg Batelli G & Dee LLC  
DOCKET NO.: 15-40089.001-R-1  
PARCEL NO.: 15-10-331-017-0000

The parties of record before the Property Tax Appeal Board are Greg Batelli G & Dee LLC, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,574  
**IMPR.:** \$4,534  
**TOTAL:** \$6,108

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Property Tax Appeal Board pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story multi-family dwelling of masonry construction with 2,234 square feet of living area. The dwelling was built in 1924. Features of the home include a full unfinished basement and a two-car garage. The property has a 4,199 square foot site and is located in Maywood, Proviso Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales that were located from .13 to .63 of a mile from the subject property. The comparables were located within the subject's neighborhood code. The comparables were two-story multi-family dwellings that ranged in size from 1,944 to 2,326 square feet of living area. The comparables had varying degrees of similarity to the

subject. The comparables had sold in November 2014 for prices ranging from \$30,750 to \$60,150 or from \$13.22 to \$30.09 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$13,706. The subject's assessment reflects a market value of \$137,060 or \$61.35 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales, none of which were located within the same neighborhood code as the subject property. The comparables were two-story multi-family dwellings that ranged in size from 1,080 to 3,802 square feet of living area. The comparables had varying degrees of similarity to the subject. The comparables had sale dates ranging from January to September 2014 for prices ranging from \$124,000 to \$300,000 or from \$76.01 to \$114.81 per square foot of living area, including land.

The appellant submitted a rebuttal critiquing the board of review's submission. The rebuttal evidence included a map of both parties' comparables proximate location to the subject property.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appellant's comparable sales. These comparables were similar to the subject in location, style, age and features. These comparables sold proximate in time to the January 1, 2015 assessment date at issue. These most similar comparables sold in November 2014 for prices ranging from \$30,750 to \$60,150 or from \$13.22 to \$30.09 per square foot of living area, including land. The subject's assessment reflects a market value of \$137,060 or \$61.35 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. The Board gave less weight to the board of review comparable sales due to their differences in location, age and/or size when compared to the subject property. Based on this evidence the Board finds a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
