

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: American Homes 4 Rent (AH4R)
DOCKET NO.: 16-00167.001-R-1
PARCEL NO.: 05-36-259-010

The parties of record before the Property Tax Appeal Board are American Homes 4 Rent (AH4R), the appellant, by attorney Michael R. Davies of the Law Offices of Michael R. Davies, Ltd., in Oak Lawn; and the Boone County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Boone** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,666
IMPR.: \$35,567
TOTAL: \$42,233

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Boone County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a tri-level dwelling of frame and vinyl exterior construction that has 1,844 square feet of living area. The dwelling was constructed in 1995. Features include finished lower level, a partial unfinished basement, central air conditioning, a fireplace and an 826-square foot attached garage. The subject has an 8,919-square foot site. The subject property is located in Belvidere Township, Boone County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the overvaluation claim, the appellant submitted limited descriptive information for 15 comparable properties that were reported to be located from .19 to .44 of a mile from the subject.¹ However, comparable #1 was the subject property. The

remaining 14 comparables were reported to consist of one-story or two-story dwellings, but the specific story height for each comparable was not disclosed. The dwellings were built from 1890 to 1993. The comparables have three to six bedrooms and one to three bathrooms. The appellant failed to disclose the comparables' exterior construction, foundation type or features such as central air conditioning, fireplaces or garages. The dwellings were reported to range in size from 1,348 to 2,049 square feet of living area and have sites that range in size from 6,098 to 10,890 square feet of land area. The comparables sold from May 2010 to December 2015 for prices ranging from \$42,000 to \$124,500 or from \$22.05 to \$88.29 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,233. The subject's assessment reflects an estimated market value of \$125,881 or \$68.27 per square foot of living area including land when applying the 2016 three-year average median level of assessment for Boone County of 33.55%.

In support of the subject's assessment, the board of review submitted a memorandum addressing the appeal and a detailed grid analysis of three comparable sales. The comparables consist of tri-level dwellings of frame and vinyl exterior construction that were built in 1994 or 1999. The comparables have finished lower levels and partial unfinished basements. Other features include central air conditioning and attached garages that contain 528 or 640 square feet of building area. Two comparables have a fireplace. The dwellings range in size from 1,680 to 1,866 square feet of living area and are situated on sites that contain from 7,771 to 10,132 square feet of land area. The comparables sold from October 2014 to November 2015 for prices ranging from \$119,500 to \$122,000 or from \$64.11 to \$72.62 per square foot of living area including land.

With respect to the appellant's evidence, the board of review submitted a detailed grid analysis for three of the appellant's comparables arguing only one property is a split-level in design and all are older in age when compared to the subject. In addition, two sales were deemed "not valid" with no further explanation.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The record contains 17 comparable sales for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant. Notwithstanding the lack of descriptive information of the comparables in terms of design, exterior construction and features, 12 comparables are older in age when compared to the subject. Additionally, seven of the comparables sold in 2010 or 2013, which are dated and less reliable indicators of market value as of the January 1, 2016 assessment date. The Board finds the comparables submitted by the board of review are more similar when compared to the subject in location, land area, design, exterior

construction, age, dwelling size and most features. They sold from October 2014 to November 2015 for prices ranging from \$119,500 to \$122,000 or from \$64.11 to \$72.62 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$125,881 or \$68.27 per square foot of living area including land, which falls above the range established by the most similar comparable sales contained in the record on an overall basis, but within the range on a per square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
