

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: American Homes 4 Rent (AH4R)
DOCKET NO.: 16-00193.001-R-1
PARCEL NO.: 05-27-326-034

The parties of record before the Property Tax Appeal Board are American Homes 4 Rent (AH4R), the appellant, by attorney Michael R. Davies of the Law Offices of Michael R. Davies, Ltd., in Oak Lawn; and the Boone County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Boone** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,733
IMPR.: \$38,065
TOTAL: \$44,798

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Boone County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part one-story and part two-story dwelling of frame exterior construction that has 1,440 square feet of living area. The dwelling was constructed in 2003. Features include an unfinished basement, central air conditioning and a 456-square foot attached garage. The subject has an 10,000-square foot site. The subject property is located in Belvidere Township, Boone County.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the overvaluation claim, the appellant submitted limited descriptive information for 16 comparable sales that were reported to be located from .05 to .90 of a mile from the subject.¹ However, comparable #1 was the subject property. The remaining

¹ The Board requested the appellant to complete the grid analysis in Section V of the appeal petition. The appellant failed to comply with the Board's request.

15 comparables were reported to consist of one-story or two-story dwellings, but the specific story height for each comparable was not disclosed. Thirteen of the dwellings were built from 1940 to 2008, but the ages of two comparables were not disclosed. The comparables have two or three bedrooms and one to three bathrooms. The appellant failed to disclose the comparables' exterior construction, foundation type or features such as central air conditioning, fireplaces or garages. The dwellings were reported to range in size from 1,226 to 1,548 square feet of living area and have sites that range in size from 5,663 to 43,560 square feet of land area. The comparables sold from March 2013 to December 2015 for prices ranging from \$26,001 to \$125,000 or from \$19.55 to \$96.46 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,798. The subject's assessment reflects an estimated market value of \$133,526 or \$92.73 per square foot of living area including land when applying the 2016 three-year average median level of assessment for Boone County of 33.55%.

In support of the subject's assessment, the board of review submitted a memorandum addressing the appeal and a detailed grid analysis of five comparable sales. The comparables consist of part one-story and part two-story or two-story dwellings of frame or brick and frame exterior construction that were built from 2003 to 2008. The comparables have unfinished basements, central air conditioning and attached garages that range in size from 462 to 700 square feet of building area. One comparable has a fireplace. The dwellings range in size from 1,404 to 1,552 square feet of living area and are situated on sites that contain from 10,019 to 15,028 square feet of land area. The comparables sold from May 2014 to April 2015 for prices ranging from \$110,900 to \$146,500 or from \$78.99 to \$94.81 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The record contains 20 comparable sales for the Board's consideration. The Board gave less weight to ten comparables submitted by the appellant. Notwithstanding the lack of descriptive information of the comparables in terms of design, exterior construction and features, seven comparables are older in age or their age was not disclosed when compared to the subject. Additionally, six comparables sold in 2013, which are dated and less reliable indicators of market value as of the January 1, 2016 assessment date. Finally, the Board finds appellant's comparable #8 is an outlier due to its low sale price in relation to the other remaining more similar comparable sales contained in the record. The Board finds comparables #2, #3, #4 and #14 submitted by the appellant and the comparables submitted by the board of review are most similar when compared to the subject in location, land area, design, exterior construction, age, dwelling size and most features. They sold from April 2014 to December 2015 for prices

ranging from \$110,900 to \$146,500 or from \$78.99 to \$84.66 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$133,526 or \$92.73 per square foot of living area including land, which falls within the range established by the most similar comparables contained in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
