

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AH4R I IL, LLC  
DOCKET NO.: 16-00540.001-R-1  
PARCEL NO.: 11-04-06-419-017-0000

The parties of record before the Property Tax Appeal Board are AH4R I IL, LLC, the appellant, by attorney Michael R. Davies, of Ryan Law LLP in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$15,681  
**IMPR.:** \$40,819  
**TOTAL:** \$56,500

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame construction with 1,802 square feet of living area. The dwelling was constructed in 1995. Features of the home include a concrete slab foundation, central air conditioning and a 441 square foot garage. The property has a 10,737 square foot site and is located in Plainfield, Lockport Township, Will County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted limited evidence in Section IV – Recent Sale Data of the Residential Appeal petition disclosing the subject property was purchased in January 2013 from Fannie Mae AKA for a price of \$157,000. While the appellant was requested to provide additional information to complete the appeal, by letter dated November 30, 2017 by the Property Tax Appeal Board, the appeal was accepted and the board of review was simultaneously, but separately, notified of its duty to

respond to the appeal within 90 days. Based on this limited recent sale evidence, the appellant requested a reduction in the subject's assessment to reflect the 2013 purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$56,500. The subject's assessment reflects a market value of \$169,874 or \$94.27 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Will County of 33.26% as determined by the Illinois Department of Revenue.

Initially in response to the appeal, the board of review requested the appeal be dismissed due to insufficient documentation. The board of review submitted a letter purported to be from the Lockport Township assessor. The assessor noted that the sale in 2013 is not recent and the appellant failed to provide copies of the property record cards or the PTAX forms.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales improved with two-story dwellings of frame construction ranging in size from 1,652 to 2,046 square feet of living area that were located within the subject's subdivision. The dwellings were constructed in 1995. Each home features a concrete slab foundation, with one home also having a part crawl space foundation. The comparables also have central air conditioning and a garage ranging in size from 400 to 441 square feet of building area. In addition, one comparable has a fireplace. The comparables have sites ranging in size from 6,042 to 7,693 square feet of land area. These properties sold from July 2015 to August 2016 for prices ranging from \$171,200 to \$190,000 or from \$92.86 to \$105.03 per square foot of living area, including land. In further support of its contention of the correct assessment, the board of review submitted a copy of the property record card, along with a copy of the PTAX-203 Illinois Real Estate Transfer Declaration form relating to each comparable sale. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted evidence of the subject's 2013 sale price and four comparable sales to support their respective positions before the Property Tax Appeal Board.

The Board gave little weight to the subject's January 2013 sale due to the fact the sale did not occur as proximate in time to the assessment date at issue of January 1, 2016 as did the comparable sales in the record. In addition, there was no evidence presented by the appellant that the sale transaction had any of the elements of an arm's length transaction as there was no indication if the property sold between related parties; there was no indication whether the property was advertised or exposed on the open market prior to the sale; and/or there was no evidence whether the transaction occurred between a willing seller and a willing buyer.

The Board finds the best evidence of market value in the record to be the comparable sales submitted by the board of review. These comparables are similar to the subject in location, dwelling size, design, age and most features. These properties sold from July 2015 to August 2016 for prices ranging from \$171,200 to \$190,000 or from \$92.86 to \$105.03 per square foot of living area, including land. The subject's assessment reflects a market value of \$169,874 or \$94.27 per square foot of living area, including land, which is slightly below the overall price range but within the range established by the best comparable sales in this record on a square foot basis. After considering adjustments to the comparable sales for differences when compared to the subject, the Board finds the estimated market value as reflected by the assessment is supported and no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
