

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: American Homes 4 Rent Pro
DOCKET NO.: 16-00619.001-R-1
PARCEL NO.: 06-03-01-405-008-0000

The parties of record before the Property Tax Appeal Board are American Homes 4 Rent Pro, the appellant, by attorney Michael R. Davies of the Law Offices of Michael R. Davies, Ltd. in Oak Lawn; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,554
IMPR.: \$54,661
TOTAL: \$68,215

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,152 square feet of living area. The dwelling was constructed in 1997. Features of the home include a slab foundation, central air conditioning and a 400 square foot garage. The property has a 5,925 square foot site and is located in Plainfield, Plainfield Township, Will County.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the overvaluation claim, the appellant submitted limited descriptive information for four comparable properties. The Board requested that the appellant complete the grid analysis in Section V of the appeal petition. The appellant failed to comply with the Board's request and failed to disclose the comparables' proximity to the subject, design, exterior construction and foundation type. Two comparables consist of two-story dwellings. The appellant did not disclose the two remaining comparables' design. The dwellings were built

in 1997 or 1998 and range in size from 1,920 to 2,112 square feet of living area. The comparables each have central air conditioning and three comparables have a fireplace. The comparables each have a garage ranging in size from 147 to 420 square feet of building area. The comparables sold from December 2015 to June 2016 for prices ranging from \$183,000 to \$225,000 or from \$94.46 to \$113.86 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,215. The subject's assessment reflects a market value of \$205,096 or \$95.30 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Will County of 33.26% as determined by the Illinois Department of Revenue.

The board of review submitted a letter from the Plainfield Township Assessor's Office along with additional data. The assessor claims the appellant's comparable #3 is incorrectly described as having 1,920 square feet of living area and provided a copy of the property record card disclosing the property has 1,692 square feet of living area. The assessor asserted the subject is assessed below the median of all of the comparable sales.

In support of its contention of the correct assessment, the board of review submitted information on six comparable sales located in the same neighborhood code as the subject as defined by the local assessor. The comparables consist of one, part two-story, part one-story and five, two-story dwellings of frame exterior construction built from 1995 to 1997. The dwellings range in size from 1,920 to 2,180 square feet of living area and are situated on sites containing from 5,766 to 9,751 square feet of land area. Three of the comparables have a basement and the three remaining comparables have a slab foundation. The comparables each have central air conditioning and four of the comparables have a fireplace. The comparables have either a 400 or 420 square foot garage. The comparables sold from June 2015 to July 2016 for prices ranging from \$200,000 to \$220,000 or from \$99.44 to \$110.42 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted ten suggested comparable sales for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant since the appellant provided limited specifics regarding the comparables locations, design, exterior construction and foundation type for a comparative analysis, which detracts from the weight of the evidence. The Board also gave less weight to board of review comparables #4, #5 and #6 due to their superior basement foundations when compared to the subject.

The Board finds the best evidence of market value to be the remaining three comparables submitted by the board of review. These comparables are most similar to the subject in location, size, design, age and features including their slab foundation like the subject. These comparables sold in June 2015 or July 2016 for prices ranging from \$200,000 to \$212,500 or from \$99.44 to \$110.42 per square foot of living area, including land. The subject's assessment reflects a market value of \$205,096 or \$95.30 per square foot of living area, including land, which is within the overall range but below the range on a square foot basis of the best comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
