

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AMH 2014-2 Borrower LLC AT
DOCKET NO.: 16-00628.001-R-1
PARCEL NO.: 06-03-01-207-010-0000

The parties of record before the Property Tax Appeal Board are AMH 2014-2 Borrower LLC AT, the appellant, by attorney Michael R. Davies, of Ryan Law LLP, in Chicago, and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,554
IMPR.: \$49,976
TOTAL: \$63,530

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 1,750 square feet of living area. The dwelling was constructed in 1995. Features of the home include a concrete slab foundation, central air conditioning and a 441 square foot garage. The property has a 6,400 square foot site and is located in Plainfield, Plainfield Township, Will County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant disclosed in Section IV – Recent Sale Data of the appeal that the subject property was purchased from "Ocenasek Jeffery R" in September 2013 for a price of \$174,900. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,530. The subject's assessment reflects a market value of

\$191,010 or \$109.15 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Will County of 33.26% as determined by the Illinois Department of Revenue. The subject has an improvement assessment of \$49,976 or \$28.56 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales that are located in the same subdivision as the subject property. The comparables are improved with two-story frame dwellings that were built in 1996 or 1997. The homes range in size from 1,612 to 1,626 square feet of living area and feature concrete slab foundations, central air conditioning and a 420 or a 440 square foot garage. One of the comparables also has a fireplace. The sales occurred between September 2015 and May 2016 for prices ranging from \$182,500 to \$188,000 or from \$112.24 to \$115.76 per square foot of living area, including land. These comparables have improvement assessments of either \$46,060 or \$46,933 or from \$28.33 to \$28.90 per square foot of living area.

Based on this evidence, the board of review requested the subject's total assessment be increased to \$66,220 with an improvement assessment of \$52,666 or \$30.09 per square foot of living area based on the "median sale per square foot" of the comparables presented.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the comparable sales submitted by the board of review. These comparables were similar to the subject in location, style, construction, features and age. These properties also sold proximate in time to the assessment date at issue. The comparables sold for prices ranging from \$182,500 to \$188,000 or from \$112.24 to \$115.76 per square foot of living area, including land. The subject's assessment reflects a market value of \$191,010 or \$109.15 per square foot of living area, including land, which is slightly above the range established by the board of review comparables in terms of overall value and below the range on a per-square-foot basis which appears to be logical given the subject's slightly larger dwelling size as compared to the comparable dwellings.

The Board gave little weight to the subject's sale due to the fact there was no evidence presented by the appellant that the sale transaction had any of the elements of an arm's length transaction as there was no indication if the property sold between related parties; there was no indication whether the property advertised or exposed on the open market prior to the sale; and/or there was no evidence whether the transaction occurred between a willing seller and a willing buyer. In summary, the appellant failed to fully complete Section IV – Recent Sale Data of the appeal and provide evidence demonstrating the purchase had the elements of an arm's-length transaction. Based on this record, the Board finds a reduction in the subject's assessment based on overvaluation is not justified.

The Board denies the board of review request to increase the subject's assessment as the evidence disclosed there exists a practical uniformity of assessments between the comparables presented by the board of review and the subject property. (See Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960)). Increasing the subject's assessment as requested by the board of review would result in an inequitable assessment of the subject property in relation to the comparable sales provided by the board of review, particularly where the subject is highly similar to each of the board of review comparables and has a similar improvement assessment to those comparables.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
