

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AMH 2015-1 Borrower LLC
DOCKET NO.: 16-00632.001-R-1
PARCEL NO.: 06-03-28-306-005-0000

The parties of record before the Property Tax Appeal Board are AMH 2015-1 Borrower LLC, the appellant, by attorney Michael R. Davies of the Law Offices of Michael R. Davies, Ltd. in Oak Lawn; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,761
IMPR.: \$50,206
TOTAL: \$64,967

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,976 square feet of living area.¹ The dwelling was constructed in 1999. Features of the home include a full basement, central air conditioning and a 400 square foot garage. The property has a 7,765 square foot site and is located in Plainfield, Plainfield Township, Will County.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the overvaluation claim, the appellant submitted limited descriptive information for four comparable properties. The Board requested that the appellant complete the grid analysis in Section V of the appeal petition. The appellant failed to comply

¹ The appellant's grid analysis was void of some pertinent descriptive data, which was drawn from the evidence provided by the board of review.

with the Board's request and failed to disclose the comparables' proximity to the subject, design, exterior construction and foundation type. Two comparables were described as two-story dwellings. The appellant did not disclose the design of the two remaining comparables. The dwellings were built in 1999 or 2000. The dwellings range in size from 1,920 to 2,112 square feet of living area and are situated on sites containing from 7,339 to 12,568 square feet of land area. Three comparables have central air conditioning. The comparables each have a 400 or 420 square foot garage. The comparables sold in March or May 2016 for prices ranging from \$193,000 to \$207,000 or from \$98.01 to \$104.17 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$64,967. The subject's assessment reflects a market value of \$195,331 or \$98.85 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Will County of 33.26% as determined by the Illinois Department of Revenue.

The board of review submitted a letter from the Plainfield Township Assessor's Office along with additional data. The assessor disclosed the subject is assessed below its' September 2014 sale price of \$197,000 or \$99.70 per square foot of living area, including land. The assessor also asserts the subject is assessed below nine of the ten comparables submitted by the parties.

In support of its contention of the correct assessment, the board of review submitted information on six comparable sales located in the same neighborhood code as the subject property as defined by the local assessor. The comparables consist of three, two-story and three, part two-story and part one-story dwellings of frame exterior construction built from 1998 to 2000. The dwellings range in size from 1,427 to 2,112 square feet of living area and are situated on sites containing from 7,775 to 9,800 square feet of land area. The comparables have a full basement, central air conditioning and two comparables have a fireplace. Each comparable has a garage ranging in size from 380 to 420 square feet of building area. The comparables sold from April 2015 to May 2016 for prices ranging from \$180,000 to \$235,000 or from \$100.85 to \$126.14 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted ten suggested comparable sales for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant since the appellant's attorney failed to provide specifics regarding the comparables' locations, design, exterior construction and foundation type for a comparative analysis, which detracts from the weight of the evidence.

The Board also gave less weight to board of review comparable #1 due to its smaller dwelling size when compared to the subject.

The Board finds the best evidence of market value to be the remaining five comparables submitted by the board of review. These comparables are most similar to the subject in location, size, design, age and features. These comparables sold from April to October 2015 for prices ranging from \$186,000 to \$235,000 or from \$100.85 to \$123.71 per square foot of living area, including land. The subject's assessment reflects a market value of \$195,331 or \$98.85 per square foot of living area, including land, which falls below the range established by best comparable sales in this record on a per square foot basis and within the range in terms of overall value. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
