

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AMH 2015-1 Borrower LLC  
DOCKET NO.: 16-00647.001-R-1  
PARCEL NO.: 06-03-30-405-031-0000

The parties of record before the Property Tax Appeal Board are AMH 2015-1 Borrower LLC, the appellant, by attorney Michael R. Davies of Ryan Law LLP in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$13,114  
**IMPR.:** \$40,468  
**TOTAL:** \$53,582

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 1,792 square feet of living area. The dwelling was constructed in 1996. Features of the home include a central air conditioning and a 500 square foot garage. The property has a 9,400 square foot site and is located in Plainfield, Plainfield Township, Will County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales with limited descriptive data. The comparables consist of dwellings that contain 1,744 or 1,792 square feet of living area. Three of the dwellings feature central air conditioning, one comparable has a fireplace and two comparables have either a 440 or 480 square foot garage. The comparables sold from October 2015 to June 2016 for prices ranging from \$127,500 to \$185,000 or from \$73.11 to \$103.24 per

square foot of living area, including land. The appellant requested the subject's improvement assessment be reduced to \$38,766 or \$21.63 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,582. The subject's assessment reflects a market value of \$161,100 or \$89.90 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Will County of 33.26% as determined by the Illinois Department of Revenue. The subject has an improvement assessment of \$40,468 or \$22.58 per square foot of living area.

Initially, in response to the appeal, the board of review through the township assessor requested dismissal of the appeal since the appellant failed to comply with the Property Tax Appeal Board's request for additional information.

Alternatively, if the appeal was not dismissed, the board of review submitted information on three comparable sales in support of its contention of the correct assessment. The comparables were improved with two-story dwellings of frame exterior construction containing 1,792 square feet of living area that were located in the same neighborhood code as the subject. The dwellings were constructed from 1994 to 1999. The board of review reported that one comparable has a partial basement and one comparable has a concrete slab foundation. Each comparable features central air conditioning and either a 462 or 576 square foot garage. The dwellings are situated on sites ranging in size from 8,700 to 9,000 square feet of land area. These properties sold from June 2015 to January 2016 for prices ranging from \$162,500 to \$184,250 or from \$90.68 to \$102.82 per square foot of living area, including land. These comparables have improvement assessments of \$40,468 or \$22.58 per square foot of living area.

Based on this evidence, the board of review requested the subject's total assessment be increased to \$59,166 with an improvement assessment of \$46,052 or \$25.70 per square foot of living area based on the "median sale per square foot" of the comparables presented.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted seven comparable sales for the Board's consideration. The Board gave little weight the appellant's comparable sales evidence as it contained limited descriptive information about the properties to allow the Property Tax Appeal Board to conduct a meaningful comparative analysis of the comparables to the subject property.

The Board finds the best evidence of market value to be the comparable sales submitted by the board of review, which were nearly identical to the subject in most respects. These comparables sold from June 2015 to January 2016 for prices ranging from \$162,500 to \$184,250 or from

\$90.68 to \$102.82 per square foot of living area. The subject's assessment reflects a market value of \$161,100 or \$89.90 per square foot of living area, including land, which falls below the range established by the best comparable sales in this record. After considering adjustments to the comparable sales for differences when compared to the subject, the Board finds the estimated market value as reflected by the assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

As to the board of review request to increase the subject's assessment based upon the median of the three recent sales, the Property Tax Appeal Board finds that the subject's current improvement assessment is identical to the board of review comparable sales. The Will County Board of Review has requested an increase in the subject's improvement assessment to \$46,052 or \$25.70 per square foot of living area, which is greater than the per-square-foot improvement assessments of each of the board of review comparable sales. The Board finds an increase in the assessment as requested by the board of review is not justified based on principles of uniformity when comparing the requested assessment to the assessments of the comparables submitted by the board of review. Based on this record, the Property Tax Appeal Board finds a change in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
