

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: American Homes 4 Rent Pro
DOCKET NO.: 16-00665.001-R-1
PARCEL NO.: 06-03-01-204-021-0000

The parties of record before the Property Tax Appeal Board are American Homes 4 Rent Pro, the appellant, by attorney Michael R. Davies, of Ryan Law LLP, in Chicago, and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,554
IMPR.: \$56,476
TOTAL: \$70,030

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 1,976 square feet of living area. The dwelling was constructed in 1995. Features of the home include a full basement, central air conditioning and a 400 square foot garage. The property has a 6,700 square foot site and is located in Plainfield, Plainfield Township, Will County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted limited evidence in Section IV – Recent Sale Data of the Residential Appeal petition disclosing the subject property was purchased in September 2014 for a price of \$200,000. While the appellant was requested to provide additional information to complete the appeal, by letter dated November 30, 2017 by the Property Tax Appeal Board, the appeal was accepted and the board of review was simultaneously, but separately, notified of its duty to respond to the appeal

within 90 days. Based on this limited recent sale evidence, the appellant requested a reduction in the subject's assessment to reflect the 2014 purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$70,030. The subject's assessment reflects a market value of \$210,553 or \$106.56 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Will County of 33.26% as determined by the Illinois Department of Revenue.

Initially in response to the appeal, the board of review requested dismissal of the appeal since the appellant failed to comply with the Property Tax Appeal Board's request for additional information. (Citing 86 Ill.Admin.Code §§1910.30(k) and 1910.63(b)). Furthermore, since the incomplete checklist suggested that the sale of the subject property was "too old" to be indicative of market value, the board of review contended in the alternative that the sale price provided by the appellant should be given no weight.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales identified by the township assessor improved with two-story dwellings of frame construction with 1,976 or 2,031 square feet of living area that were located within a mile of the subject property. The dwellings were constructed between 1995 and 1997 with features that include full basements, central air conditioning and a garage with 400 or 420 square feet of building area. Two comparables each have a fireplace. These properties sold from October 2015 to June 2016 for prices ranging from \$214,000 to \$222,500 or from \$107.09 to \$109.55 per square foot of living area, including land.

Based on the foregoing evidence and argument, the board of review requested an increase in the assessment of the subject property to reflect the median sales price or a new total assessment of \$71,334 which would reflect a market value of \$232,514 or \$117.67 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the three comparable sales submitted by the board of review. These comparables were similar to the subject in location, style, construction, features, age and land area. These properties also sold proximate in time to the assessment date at issue. The comparables sold from October 2015 to June 2016 for prices ranging from \$214,000 to \$222,500 or from \$107.09 to \$109.55 per square foot of living area, including land. The subject's assessment reflects a market value of \$210,553 or \$106.56 per square foot of living area, including land, which is below the range established by the best comparable sales in this record both in overall value and on a per-square-foot basis. The Board

gave little weight to the subject's sale due to the fact the sale did not occur as proximate in time to the assessment date at issue as the comparable sales and the appellant did not establish that the sale had the elements of an arm's length transaction due to the lack of data provided with the appeal petition. The appellant did not establish that the property was sold between unrelated parties and did not establish that the property was advertised or exposed on the open market prior to the sale transaction.

As to the board of review request to increase the subject's assessment based upon the median of the three recent sales, the Property Tax Appeal Board finds that the subject's current improvement assessment is identical to board of review comparable #1. Furthermore, the subject's current assessment is similar to the assessments of the three comparable sales and no increase in the subject's assessment is warranted on the record of comparables presented by the board of review.

Based on this record the Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
