

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: American Homes 4 Rent Pro
DOCKET NO.: 16-00707.001-R-1
PARCEL NO.: 05-06-04-407-020-0000

The parties of record before the Property Tax Appeal Board are American Homes 4 Rent Pro, the appellant, by attorney Michael R. Davies, of Ryan Law LLP, in Chicago, and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds An Increase in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,200
IMPR.: \$48,544
TOTAL: \$62,744

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of frame construction with 2,108 square feet of living area. The dwelling was constructed in 2003. Features of the home include a full basement with finished area, central air conditioning and a 380 square foot garage. The property has a 9,255 square foot site and is located in Shorewood, Troy Township, Will County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted limited evidence in Section IV – Recent Sale Data of the Residential Appeal petition disclosing the subject property was purchased from "Will County Sheriff" in June 2014 for a price of \$151,000. While the appellant was requested to provide additional information to complete the appeal, by letter dated November 30, 2017 by the Property Tax Appeal Board, the appeal was accepted and the board of review was simultaneously, but separately, notified of its

duty to respond to the appeal within 90 days. Based on this limited recent sale evidence, the appellant requested a reduction in the subject's assessment to reflect the 2014 purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$60,350. The subject's assessment reflects a market value of \$181,449 or \$86.08 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Will County of 33.26% as determined by the Illinois Department of Revenue.

Initially in response to the appeal, the board of review requested dismissal of the appeal since the appellant failed to comply with the Property Tax Appeal Board's request for additional information. Furthermore, the township assessor noted that the incomplete checklist suggested that the sale of the subject property was "too old" to be indicative of market value.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales identified by the township assessor improved with split-level dwellings of frame or frame and brick trim exterior construction containing either 2,108 or 2,153 square feet of living area that were located in the same subdivision as the subject property. The dwellings were constructed between 2003 and 2005 with features that include a full or partial basement, finished lower level, central air conditioning and a 380 square foot garage. Three comparables also each have a fireplace. These properties sold from October 2014 to September 2015 for prices ranging from \$183,000 to \$220,000 or from \$86.81 to \$102.18 per square foot of living area.

Based on the foregoing evidence and argument, the board of review requested an increase in the assessment of the subject property to reflect the median sales price or a new total assessment of \$62,744 which would reflect a market value of \$188,647 or \$89.49 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the four comparable sales submitted by the board of review. These comparables were similar to the subject in location, size, age, style, construction and/or most features. These properties also sold more proximate in time to the assessment date at issue as compared to the June 2014 sale of the subject property. The comparables sold from October 2014 to September 2015 for prices ranging from \$183,000 to \$220,000 or from \$86.81 to \$102.18 per square foot of living area, including land. The subject's assessment reflects a market value of \$181,449 or \$86.08 per square foot of living area, including land, which is below the range established by the best comparable sales in this record both in terms of overall value and on a per-square-foot basis.

The Board gave little weight to the subject's June 2014 sale due to the fact the sale did not occur proximate in time to the assessment date at issue of January 1, 2016 and there was no evidence presented by the appellant that the sale transaction had any of the elements of an arm's length transaction as there was no indication if the property sold between related parties; there was no indication whether the property advertised or exposed on the open market prior to the sale; and/or there was no evidence whether the transaction occurred between a willing seller and a willing buyer. In fact, the seller being the "Will County Sheriff" suggests that duress may have been present in the transaction.

As to the board of review request to increase the subject's assessment based upon the median of the four recent sales, the Property Tax Appeal Board finds that the subject's current improvement assessment is at the low end of the range of improvement assessments of the board of review comparables. The subject does not feature a fireplace which is an amenity of three of the four comparables. The Will County Board of Review has requested an increase in the subject's improvement assessment to \$48,544 which would be \$23.03 per square foot of living area, identical to the per-square-foot improvement assessments of comparable #1 and within the range of all four board of review comparables.

On this record, after considering adjustments for differences between the subject and the board of review comparables, the Property Tax Appeal Board finds that an increase in the assessment of the subject property is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
