

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AH4R-IL 2 LLC ATTN Property
DOCKET NO.: 16-00730.001-R-1
PARCEL NO.: 21-14-13-417-021-0000

The parties of record before the Property Tax Appeal Board are AH4R-IL 2 LLC ATTN Property, the appellant, by attorney Michael R. Davies, of Ryan Law LLP in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Will** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,302
IMPR.: \$43,741
TOTAL: \$50,043

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part two-story and part one-story dwelling of frame construction with 2,439 square feet of living area. The dwelling is 19 years old. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a 397 square foot garage. The property has an 8,615 square foot site and is located in Monee Township, Will County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted limited evidence in Section IV – Recent Sale Data of the Residential Appeal petition disclosing the subject property was purchased in October 2014 for a price of \$52,449. While the appellant was requested to provide additional information to complete the appeal, the appeal was accepted, and the board of review was notified of its duty to respond to the appeal within 90

days. Based on this limited recent sale evidence, the appellant requested a reduction in the subject's assessment to reflect the 2014 purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,043. The subject's assessment reflects a market value of \$150,460 or \$61.69 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Will County of 33.26% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales identified by the township assessor improved with part two-story and part one-story dwellings of frame construction containing from 1,966 to 2,391 square feet of living area that were located within the subject's subdivision. The dwellings ranged from 17 to 19 years old with features similar to the subject property. These properties sold from October to December 2016 for prices ranging from \$150,000 to \$158,000 or from \$66.08 to \$76.30 per square foot of living area, including land.

Based on the foregoing evidence and argument, the board of review requested confirmation of the assessment of the subject property.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the comparable sales submitted by the board of review. These comparables were similar to the subject in style and features. These properties also sold more proximate in time to the assessment date at issue than the October 2014 sale of the subject property. The comparables sold from October to December 2016 for prices ranging from \$150,000 to \$158,000 or from \$66.08 to \$76.30 per square foot of living area, including land. The subject's assessment reflects a market value of \$150,460 or \$61.69 per square foot of living area, including land, which is within the range established by the best comparable sales in this record.

The Board gave little weight to the subject's October 2014 sale due to the fact the sale did not occur as proximate in time to the assessment date at issue of January 1, 2016 as did the comparable sales in the record. In addition, there was no evidence presented by the appellant that the sale transaction had any of the elements of an arm's length transaction as there was no indication if the property sold between related parties; there was no indication whether the property advertised or exposed on the open market prior to the sale; and/or there was no evidence whether the transaction occurred between a willing seller and a willing buyer.

On this record, the Property Tax Appeal Board finds the subject's assessment is supported and that the subject is not overvalued and no reduction the assessment of the subject property is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
