

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: American Homes 4 Rent Pro
DOCKET NO.: 16-00834.001-R-1
PARCEL NO.: 21-14-28-302-025-0000

The parties of record before the Property Tax Appeal Board are American Homes 4 Rent Pro, the appellant, by attorney Michael R. Davies, of Ryan Law LLP in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Will** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,859
IMPR.: \$59,917
TOTAL: \$78,776

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,232 square feet of living area. The dwelling was constructed in 2001. Features of the home include a full finished basement, central air conditioning, a fireplace and a 779 square foot garage. The property has a 55,626 square foot site and is located in Monee, Monee Township, Will County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant partially completed Section IV of the Residential Appeal petition indicating the subject property was purchased in December 2013 from the Will County Sheriff for a price of \$147,251. The appeal was returned for being incomplete. Appellant's legal counsel was advised the December 2013 sale was too old for a "Recent Sale" consideration and to provide an alternative basis of the appeal with corroborating evidence. Appellant's counsel failed to respond by the established

deadline. Nonetheless, the appeal was accepted, and the board of review was simultaneously, but separately, notified of its duty to respond to the appeal within 90 days. Based on this limited recent sale evidence, the appellant requested a reduction in the subject's assessment to reflect the 2013 purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$78,776. The subject's assessment reflects a market value of \$236,849 or \$106.12 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Will County of 33.26% as determined by the Illinois Department of Revenue.

In response to the appeal, the township assessor agreed the subject's sale was too old to be a "recent sale" and should not be considered.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located in the same neighborhood as the subject. The evidence was prepared by the township assessor. The comparables consist of two-story dwellings of masonry or frame and masonry exterior construction that were built from 1994 to 2006. The dwellings range in size from 2,087 to 2,937 square feet of living area and are situated on sites that contain from 60,983 to 158,122 square feet of land area. Features include full basements with one comparable having finished area, central air conditioning, one or two fireplaces and garages that range in size from 583 to 1,649 square feet of building area. The comparables sold from November 2014 to July 2016 for prices ranging from \$229,500 to \$376,000 or from \$100.85 to \$129.03 per square foot of living area including land.

Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The Board gave no weight to the subject's December 2013 sale. The Board finds there was no evidence presented by the appellant that the sale meets the key fundamental elements of an arm's-length transaction to be considered reflective of market value. The appellant's attorney failed to disclose if the property sold between related parties; there was no indication whether the property was advertised or exposed to the open market prior to the sale; and there was no evidence whether the transaction occurred between a willing seller and a willing buyer. The evidence also disclosed the property sold by the Will County Sheriff, which calls into question the arm's-length nature of the transaction. In addition, the appellant's attorney failed to submit any corroborating evidence associated with the sale of the subject property such as a Real Estate Transfer Declaration, Settlement Statement or sales contract disclosing the terms of the sale. Finally, the Board finds the subject's sale in December 2013 is dated in that the transaction did

not occur proximate in time to the assessment date of January 1, 2016 as did the similar comparable sales that were submitted by the board of review.

The Board gave less weight to the board of review's comparable #4. This sale occurred in November 2014, which is less indicative of fair market value as of the subject's January 1, 2016 assessment date .

The Board finds the best evidence of market value in the record to be the comparable sales #1, #2 and #3 submitted by the board of review. These comparables were similar to the subject in location, design, age, dwelling size, features and sold more proximate in time to the assessment date at issue than the December 2013 sale of the subject property. The comparables sold from June 2015 to July 2016 for prices ranging from \$229,500 to \$335,000 or from \$100.85 to \$114.06 per square foot of living area including land. The subject's assessment reflects a market value of \$236,849 or \$106.12 per square foot of living area including land, which falls within the range established by the best comparable sales in this record. Therefore, no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
