

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AMH 2014-2 Borrower LLC AT
DOCKET NO.: 16-00935.001-R-1
PARCEL NO.: 07-01-21-408-022-0000

The parties of record before the Property Tax Appeal Board are AMH 2014-2 Borrower LLC AT, the appellant, by attorney Michael R. Davies, of Ryan Law LLP, in Chicago, and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Will** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,866
IMPR.: \$40,136
TOTAL: \$46,002

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 1,537 square feet of living area. The dwelling was constructed in 2004. Features of the home include central air conditioning and a 400 square foot garage. The property is located in Plainfield, Wheatland Township, Will County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted limited evidence in Section IV – Recent Sale Data of the Residential Appeal petition disclosing the subject property was purchased in September 2013 from "Sheriff of Will County" for a price of \$113,001. While the appellant was requested to provide additional information to complete the appeal, by letter dated August 10, 2017 by the Property Tax Appeal Board, the appeal was accepted and the board of review was simultaneously, but separately, notified of its

duty to respond to the appeal within 90 days. Based on this limited recent sale evidence, the appellant requested a reduction in the subject's assessment to reflect the 2013 purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,002. The subject's assessment reflects a market value of \$138,310 or \$89.99 per square foot of living area, land included, when using the 2016 three year average median level of assessment for Will County of 33.26% as determined by the Illinois Department of Revenue.

Initially in response to the appeal, the board of review requested dismissal of the appeal since the appellant failed to comply with the Property Tax Appeal Board's request for additional information. Furthermore, the township assessor noted the sale of the subject property that occurred in December 2012 was "too old" to be indicative of market value. A copy of the PTAX-203 concerning the transaction depicts the property was not advertised for sale and was a court-ordered auction sale where the buyer was a real estate investment trust.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales identified by the township assessor improved with two-story dwellings of frame construction containing either 1,535 or 1,537 square feet of living area that were located within the subject's neighborhood code as assigned by the assessor. The dwellings were constructed in 2004 or 2005 with features that include central air conditioning and a 400 or 420 square foot garage. These properties sold from January to August 2016 for prices ranging from \$157,000 to \$179,500 or from \$102.15 to \$116.79 per square foot of living area, including land.

Based on the foregoing evidence and argument, the board of review requested an increase in the assessment of the subject property to reflect the median sales price or a new total assessment of \$56,792 which would reflect a market value of \$170,752 or \$111.09 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted evidence of the subject's 2013 sale price and four comparable sales to support their respective positions before the Property Tax Appeal Board.

The Board gave little weight to the subject's September 2013 sale due to the fact the sale did not occur as proximate in time to the assessment date at issue of January 1, 2016 as did the comparable sales in the record. In addition, there was no evidence presented by the appellant that the sale transaction had any of the elements of an arm's length transaction as there was no indication if the property sold between related parties; there was no indication whether the property was advertised or exposed on the open market prior to the sale; and/or there was no

evidence whether the transaction occurred between a willing seller and a willing buyer. In fact, the information provided by the board of review was that the property sold as a court-ordered auction sale and was not advertised as reflected in the PTAX-203.

The Board finds the best evidence of market value in the record to be the comparable sales submitted by the board of review. These comparables were similar to the subject in location, style, construction, size, features and/or age. These properties also sold more proximate in time to the assessment date at issue than the September 2013 sale of the subject property. The comparables sold from January to August 2016 for prices ranging from \$157,000 to \$179,500 or from \$102.15 to \$116.79 per square foot of living area, including land. The subject's assessment reflects a market value of \$138,310 or \$89.99 per square foot of living area, including land, which is below the range of the comparable sales both in terms of overall value and on a per-square-foot basis.

As to the board of review request to increase the subject's assessment based upon the median of the four recent sales, the Property Tax Appeal Board finds the subject's current total assessment of \$46,002 is within the range of the total assessments of the board of review comparable sales that range from \$46,002 to \$50,203. While the Will County Board of Review has requested an increase in the subject's total assessment to \$56,792 which would raise the estimated market value of the subject to \$170,752, this would place the subject substantially above the estimated market values of the four comparables as reflected by their assessments. As presented by the board of review, the estimated market values of the comparables range from approximately \$141,219 to \$150,609; from the record, it appears that the comparable properties are undervalued based on their respective recent sale prices.

On this record, the Property Tax Appeal Board finds that the subject is not overvalued and no change in the assessment of the subject property is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
