

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AMH 2015-1 Borrower LLC A
DOCKET NO.: 16-00978.001-R-1
PARCEL NO.: 05-06-20-101-040-0000

The parties of record before the Property Tax Appeal Board are AMH 2015-1 Borrower LLC A, the appellant, by attorney Michael R. Davies of Ryan Law LLP in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,750
IMPR.: \$31,824
TOTAL: \$39,574

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story residential condominium unit of frame construction with 1,308 square feet of living area. The dwelling was constructed in 2000 and described as an Aster model. Features of the home include a slab foundation, central air conditioning, and a two-car integral garage. The property is located in Shorewood, Troy Township, Will County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant disclosed in Section IV – Recent Sale Data of the appeal that the property was purchased from AH4R-IL 4 LLC in September 2013 for a price of \$64,620. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$21,540.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,574. The subject's assessment reflects a market value of

\$118,984 or \$90.97 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Will County of 33.26% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales selected by the township assessor. The comparables are improved three-story condominium units that are the same model as the subject property and located in the same condominium development as the subject property. The dwellings were built from 2000 to 2002. Each comparable is the same size with the same features as the subject property. The sales occurred from January 2015 to September 2015 for prices ranging from \$117,175 to \$131,500 or from \$89.58 to \$100.54 per square foot of living area, including land. Based on these sales the board of review requested no change be made to the assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the comparable sales submitted by the board of review. These comparables are practically identical to the subject property in location, style, age, size, construction and features. These comparables also sold more proximate in time to the assessment date than did the subject property. The comparables sold for prices ranging from \$117,175 to \$131,500 or from \$89.58 to \$100.54 per square foot of building area, including land, respectively. The subject's assessment reflects a market value of \$118,984 or \$90.97 per square foot of living area, including land, which is within the price range established by the best comparable sales in the record demonstrating the subject property is not overvalued. The Board gives little weight to the subject's sale due to the fact the sale did not occur proximate in time to the assessment date at issue. Additionally, the appellant did not fully complete Section IV – Recent Sale Data of the appeal or provide documentation demonstrating sale of the subject property had the elements of an arm's length transaction. Based on this record the Board finds a reduction in the subject's assessment based on overvaluation is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
