

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: AMH 2014-2 Borrower LLC  
DOCKET NO.: 16-01007.001-R-1  
PARCEL NO.: 06-03-01-307-047-0000

The parties of record before the Property Tax Appeal Board are AMH 2014-2 Borrower LLC, the appellant, by attorney Michael R. Davies, of Ryan Law LLP in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,224  
**IMPR.:** \$29,865  
**TOTAL:** \$35,089

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story single-family dwelling of frame exterior construction with 1,382 square feet of living area.<sup>1</sup> The dwelling is approximately 21 years old. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a garage containing 220 square feet of building area. The property is situated on a 4,200-square foot site and is located in Plainfield, Plainfield Township, Will County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted limited evidence in Section IV – Recent Sale Data of the Residential Appeal petition disclosing the subject property was purchased in July 2013 from "Christopher N. Potts" for a price of \$100,000. While the appellant was requested to provide additional information to

complete the appeal, by letter dated November 27, 2017 the appeal was accepted, and the board of review was simultaneously but separately notified of its duty to respond to the appeal within 90 days. Based on this limited recent sale evidence, the appellant requested a reduction in the subject's assessment to reflect the 2013 purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,089. The subject's assessment reflects a market value of \$105,499 or \$76.34 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Will County of 33.26% as determined by the Illinois Department of Revenue.

Initially in response to the appeal, the board of review requested a dismissal of the appeal since the appellant failed to comply with the Property Tax Appeal Board's request for additional information.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located within less than one mile from the subject and within the same neighborhood code as defined by the local assessor. The comparables are improved with two-story single-family dwellings of frame exterior construction containing 1,382 square feet of living area. The dwellings are either 21 or 22 years old. Each of the comparables features a concrete slab foundation, central air-conditioning and a garage containing 220 square feet of building area; one comparable has a fireplace. The comparables are situated on sites ranging in size from 3,500 to 4,900 square feet of land area. The comparables sold from September 2015 to January 2016 for prices ranging from \$129,000 to \$150,000 or from \$93.34 to \$108.54 per square foot of living area, including land. The board of review also submitted property record cards for the subject as well as their own comparables. Finally, the board of review submitted a brief contesting the validity of the subject's sale due to the old sale date in relation to the assessment date. Based on the foregoing evidence and argument, the board of review requested an increase of the subject's total assessment to \$46,334 with an improvement assessment of \$41,110 or \$29.75 per square foot of living area.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

As an initial matter, the Board gave little weight to the appellant's sale due to little information regarding the sale being provided by the appellant to allow the Property Tax Appeal Board to conduct a meaningful analysis of the sale transaction. In addition, there was no evidence presented by the appellant that the sale transaction had any of the elements of an arm's length transaction as there was no indication if the property sold between related parties; there was no indication whether the property was advertised or exposed on the open market prior to the sale; and there was no evidence whether the transaction occurred between a willing seller and a

willing buyer. The appellant also failed to provide supporting documentation regarding the sale such as a purchase and sale contract, Real Estate Transfer Declaration form or a settlement statement. Furthermore, the sale of the subject property occurred in July 2013 which is too remote in time from the subject's assessment date of January 1, 2016 to be reflective of market value.

The Board finds the best evidence of market value in the record to be the three comparable sales submitted by the board of review. These comparables were similar to the subject in location, land area, style, construction, dwelling size, age and features. These properties also sold more proximate in time to the assessment date at issue. The comparables sold from September 2015 to January 2016 for prices ranging from \$129,000 to \$150,000 or from \$93.34 to \$108.54 per square foot of living area, including land. The subject's assessment reflects a market value of \$105,499 or \$76.34 per square foot of living area, land included, which falls below the range established by the best comparable sales in this record. Based on this record, the Board finds that no reduction in the subject's assessment is warranted.

The Board denies the board of review request to increase the subject's assessment. Increasing the subject's assessment as requested by the board of review would result in an inequitable assessment of the subject property in relation to the three comparables provided by the board of review.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
