

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edmond Parker
DOCKET NO.: 16-01101.001-R-1
PARCEL NO.: 21-14-01-104-037-0000

The parties of record before the Property Tax Appeal Board are Edmond Parker, the appellant, by attorney Jessica Hill-Magiera in Lake Zurich; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,950
IMPR.: \$5,050
TOTAL: \$11,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story dwelling of frame construction with 1,092 square feet of living area. The dwelling was constructed in 1954. Features of the home include a slab foundation, two bedrooms and one bathroom. The property has a 7,304 square foot site and is located in Park Forest, Monee Township, Will County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on seven comparable sales improved with one-story dwellings each with 1,092 square feet of living area. The comparables were constructed in 1953 and 1954. Each comparable has a slab foundation and one bathroom. The sales occurred from January 2015 to June 2016 for prices ranging from \$15,130 to \$33,900 or from \$13.86 to \$31.04 per square foot of living area, including land. The appellant requested the subject's assessment be reduced to \$7,333.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,937. The subject's assessment reflects a market value of \$74,976 or \$68.66 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Will County of 33.26% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales identified by the township assessor. The comparables are improved with one-story dwellings of frame construction each with 1,092 square feet of living area. The dwellings were built in 1952, 1957 and 1956, respectively. Each property has a slab foundation, one bathroom and a garage that range in size from 280 to 352 square feet of building area. Two comparables have central air conditioning. These properties have sites that range in size from 7,011 to 7,441. The sales occurred in March 2014 or February 2015 for prices ranging from \$81,500 to \$111,161 or from \$74.63 to \$101.80 per square foot of living area. The board of review requested no change be made to the assessment.

In rebuttal appellant's counsel asserted that board of review sale #1 was not advertised for sale and submitted a copy of the PTAX-203 Illinois Real Estate Transfer Declaration associated with the purchase to support this contention. Counsel also noted that board of review sales #2 and #3 have garages, unlike the subject property.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains nine sales submitted by the parties to support their respective positions. The Board gives little weight to board of review sale #1 as the property was not advertised for sale and the transaction occurred in March 2014, not proximate in time to the assessment date at issue. The Board gives less weight to board of review sales #2 and #3 as each comparable has a garage and one comparable has central air conditioning, features that make these comparables superior to the subject property. Most weight is given the comparables submitted by the appellant as these properties were most like the subject in features. The appellant's comparables sold for prices ranging from \$15,130 to \$33,900 or from \$13.86 to \$31.04 per square foot of living area, including land. The board of review submitted no evidence challenging the arm's length nature of sales presented by the appellant. The subject's assessment reflects a market value of \$74,976 or \$68.66 per square foot of living area, including land, which is above the range established by the appellant's comparable sales. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
