

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: IH4 Property Illinois LP
DOCKET NO.: 16-01220.001-R-1
PARCEL NO.: 12-02-08-428-009-0000

The parties of record before the Property Tax Appeal Board are IH4 Property Illinois LP, the appellant, by attorney Jeffrey G. Hertz of Sarnoff & Baccash in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,200
IMPR.: \$61,300
TOTAL: \$74,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story single-family dwelling of frame exterior construction with 1,661 square feet of living area. The dwelling was constructed in 1993. Features of the home include a full finished basement with a second kitchen, bedroom and half-bath, central air conditioning and a 400-square foot garage. The property has a 13,907 square foot cul-de-sac site and is located in Bolingbrook, DuPage Township, Will County.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased December 22, 2014 for a price of \$168,000. The appeal petition indicated the property was advertised for sale on the Multiple Listing Service (MLS) for 55 days and that the sale was not between related parties. Appellant submitted a copy of the MLS listing sheet showing the property was originally listed for \$185,000 on June 2, 2014 and a contract for \$168,000 was entered into on or about July 26,

2014. The listing sheet notes that the property was being sold pursuant to a Short Sale. Appellant also submitted a copy of the Settlement Statement showing that commissions were paid to two Realtors at closing, along with a brief in support of his position that this was an arm's length transaction. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$74,500. The subject's assessment reflects a market value of \$223,993 or \$134.85 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Will County of 33.26% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on the sales of four comparable properties located in the same subdivision as the subject. The comparables are located from .11 to .25 of a mile from the subject and consist of two-story single-family dwellings of frame exterior construction. The dwellings were built in 1993 or 1994 and range in size from 1,661 to 2,156 square feet of living area. Three comparables have full basements with finished area; one comparable has a partial basement with finished area and a crawl space. The comparables each have central air conditioning and a garage containing 400 or 428 square feet of building area. Two of the comparables are Exmoor models, like the subject, although the subject features an additional half bath in the basement. The comparables sold from January 2015 to June 2016 for prices ranging from \$230,000 to \$233,000 or from \$107.61 to \$140.28 per square foot of living area, including land. The board of review submitted a brief stating that the "subject received a one year reduction to the invalid sale price in 2015". The brief states the sale was invalid since the property was sold pursuant to a short sale and, as it was sold under duress, the sale is not indicative of the property's fair cash value. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gave less weight to the subject's sale price as the subject was sold pursuant to a short sale for a significantly lower price than the most similar comparable sales in the record, indicating that the purchase price was not reflective of fair cash value.

The Board also gave less weight to board of review comparables #3 and #4 which differ from the subject in size and/or features. The Board finds the best evidence of market value in the record to be board of review's comparables #1 and #2 which are both Exmoor model homes, as is the subject. These comparables were similar to the subject in location, design, age, and most features. These properties sold for prices of \$230,000 and \$233,000 or \$138.47 and \$140.28 per square foot of living area, including land, respectively. The subject's assessment reflects a market

value of \$223,993 or \$134.85 per square foot of living area, including land, which falls below the values of the two best comparables in the record on both an overall and per square foot basis, despite the subject's superior attribute of an additional half bath in the basement. Therefore, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
