

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stacy Rosenbach, TR c/o Scott Rosenbach
DOCKET NO.: 16-01775.001-R-1
PARCEL NO.: 14-36-107-007

The parties of record before the Property Tax Appeal Board are Stacy Rosenbach, TR c/o Scott Rosenbach the appellant by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$69,318
IMPR.: \$320,494
TOTAL: \$389,812

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick construction. The dwelling was built in 2005 and contains 6,604 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, three fireplaces and a 1,467 square foot garage. The subject is located in Long Grove, Ela Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. These comparables are described as two-story brick dwellings built between 2001 and 2005. They range in size from 5,263 to 8,036 square feet of living area. The comparables feature unfinished basements, central air conditioning, one to four fireplaces each and garages that range in size from 966 to 1,617 square feet of building area. The comparables are located from .05 to .39 of a mile from the subject. They have improvement assessments ranging from \$229,924 to \$346,528 or from

\$43.12 to \$45.51 per square foot of living area. The appellant requested the improvement assessment be reduced to \$292,492 or \$44.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the improvement assessment for the subject of \$320,494 or \$48.27 per square foot of living area.

In support of its assessment the board of review submitted information on four equity comparables. These comparables are described as two-story dwellings of brick construction built between 1997 and 2005. They range in size from 6,023 to 7,038 square feet of living area. The comparables feature unfinished basements, central air conditioning, 2-4 fireplace each and garages that range in size from 1,226 to 1,507 square feet of building area. The comparables are located from .37 to .66 of a mile from the subject. The comparables have improvement assessments ranging from \$280,673 to \$327,604 or from \$46.55 to \$48.27 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Both parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to appellant's comparables #3 and #4 based on their dissimilar dwelling sizes as compared to the subject. The Board finds appellant's comparables #1 and #2 and all four board of review comparables most similar to the subject in location, style, age, dwelling size and features. These six comparables had improvement assessments ranging from \$43.51 to \$48.27 per square foot of living area. The subject's improvement assessment of \$48.27 per square foot of living area is within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
