

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: PCM LLC
DOCKET NO.: 16-02305.001-R-1
PARCEL NO.: 08-20-201-025

The parties of record before the Property Tax Appeal Board are PCM LLC, the appellant, by Kenneth R. Welker, Attorney at Law in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,312
IMPR.: \$19,867
TOTAL: \$26,179

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 1,772 square feet of living area. The dwelling was constructed in 1927. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a 171 square foot garage. The property has a 6,866 square foot site and is located in Waukegan, Waukegan Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on eight comparable properties located between .49 of a mile and 1.91 miles from the subject property. The comparables were described as containing 1-story, 1.5-story or 2-story dwellings of wood siding, aluminum siding or brick exterior construction that were built from 1920 to 1957. The dwellings range in size from 1,447 to 2,910 square feet of living area. Seven comparables each feature an unfinished basement, two comparables have central air conditioning and six comparables each have a garage ranging in

size from 308 to 576 square feet of building area. The comparables have sites ranging in size from 5,245 to 19,623 square feet of land area. Seven of the comparables sold from April 2016 to August 2017 for prices ranging from \$41,000 to \$50,000 or from \$14.78 to \$29.82 per square foot of living area, including land. Comparable #6 had no recent sale data. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,179. The subject's assessment reflects a market value of \$78,948 or \$44.55 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In response to the appeal, the board of review submitted a grid analysis critiquing the appellant's comparables.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located in the same neighborhood code as the subject as assigned by the township assessor and within .40 of a mile of the subject property. The comparables consist of two, 1.5-story and two, 2-story dwellings of wood siding or brick exterior construction built from 1920 to 1935. The dwellings range in size from 1,536 to 1,857 square feet of living area. The comparables each have a full unfinished basement, a fireplace and a garage ranging in size from 180 to 360 square feet of building area. The comparables have sites ranging in size from 5,191 to 10,343 square feet of land area. The comparables sold from August 2014 to May 2016 for prices ranging from \$100,000 to \$139,900 or from \$62.38 to \$82.03 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted 12 suggested comparable sales for the Board's consideration. Due to the lack of sales data in the appellant's evidence as to comparable sale #6, this property was not considered by the Property Tax Appeal Board. The Board gave less weight to the appellant's comparables #1, #2, #3 and #5 which are less proximate in location to the subject being 1.54 to 1.91 miles away. The Board finds the appellant's comparables #1 and #8 sold less proximate in time to the January 1, 2016 assessment date and less likely to be indicative of the subject's market value as of the lien date at issue. Less weight was also given to the appellant's comparables #4 and #7 that are dissimilar 1-story designs and significantly newer in age than the subject, along with the appellant's comparables #1, #5 and #7 that have significantly larger dwelling sizes when compared to the subject. The Board gave reduced weight to board of review comparables #1 and #2 that sold in 2014, which are less proximate in time to the lien date

at issue and thus less likely to be indicative of the subject's market value as of the January 1, 2016 assessment date.

The Board finds the best evidence of market value to be comparable sales #3 and #4 submitted by the board of review. These two comparables are similar to the subject in location, dwelling size, design, age and features. These comparables also sold more proximate in time to the January 1, 2016 assessment date for prices of \$126,000 and \$139,900 or \$82.03 and \$78.24 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$78,948 or \$44.55 per square foot of living area, including land, which is supported by the best comparable sales in this record. After considering adjustments to the comparable sales for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
