

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert & Sonia Beranich  
DOCKET NO.: 16-02500.001-R-1  
PARCEL NO.: 13-23-211-001

The parties of record before the Property Tax Appeal Board are Robert and Sonia Beranich, the appellants; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$24,004  
**IMPR.:** \$0  
**TOTAL:** \$24,004

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of vacant lot with 33,259 square feet of land area located in Barrington, Cuba Township, Lake County.

The appellants contend assessment inequity as the basis of the appeal. In support of this argument the appellants submitted information on four equity comparables that range in size from 6,542 to 127,195 square feet of land area. The comparables have land assessments ranging from \$165 to \$69,727 or from \$.025 to \$.568 per square foot of land area. Based on this evidence the appellants requested the subject's land assessment be reduced to \$11,308 or \$.34 per square foot of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,004 or approximately \$.72 per square foot of land area. In support of its contention of the correct assessment the board of review submitted information on

four equity comparables with sites ranging in size from 30,760 to 34,192 square feet of land area. The comparables have the same assessment neighborhood code as the subject property and are located within .206 miles from the subject property. The land assessments ranged from \$22,201 to \$24,667 or approximately \$.72 per square foot of land area. Three of the comparables were improved with single family dwellings. The board of review submission also included a table of the land value break points used to establish assessments.

In rebuttal the board of review provided a grid analysis of the appellant's comparables which disclosed that two of the comparables were improved with dwellings and comparable #4 is described as being an unbuildable lot as noted on a copy of the property record card submitted by the board of review.

The board of review requested the assessment be sustained.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the comparables provided by the board of review. These properties had sites most similar in size to the subject property, each with a land assessment of approximately \$.72 per square foot of land area. The subject's assessment is approximately \$.72 per square foot of land area and well supported by the board of review comparables. Less weight is given the appellants' comparables due to differences from the subject parcel in size and the fact that comparable #4 was unbuildable, unlike the subject parcel. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
