

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jon & Jennifer Groh
DOCKET NO.: 16-02525.001-R-1
PARCEL NO.: 06-16-408-002

The parties of record before the Property Tax Appeal Board are Jon & Jennifer Groh, the appellants; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,304
IMPR.: \$20,270
TOTAL: \$25,574

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of frame exterior construction with 925 square feet of living area. The dwelling was constructed in 1973. Features of the home include a finished lower level and a 400 square foot garage. The property has a 5,480 square foot site and is located in Round Lake Beach, Avon Township, Lake County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located from 1.82 to 2.42 miles from the subject. The comparables consist of dwellings of frame exterior construction with the same design code as the subject with either 864 or 925 square feet of living area. The dwellings were either 46 or 53 years old. Two comparables have central air conditioning and one comparable has a fireplace. The comparables have sites ranging in size from 4,200 to 6,970 square feet of land area. The comparables sold from March 2015 to February 2016 for prices ranging from

\$43,000 to \$64,000 or from \$49.77 to \$69.19 per square foot of living area, including land. Based on this evidence, the appellants requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,574. The subject's assessment reflects a market value of \$77,123 or \$83.38 per square foot of living area, land included, when using the 2016 three-year average median level of assessment for Lake County of 33.16% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located from .172 to .816 of a mile from the subject property. The comparables were improved with split-level dwellings of frame exterior construction ranging in size from 925 to 1,053 square feet of living area. The dwellings were constructed from 1971 to 1974. Each comparable has a finished lower level, three comparables have central air conditioning and one comparable has a fireplace. The comparables each have a garage ranging in size from 440 to 624 square feet of building area. The comparables have sites ranging in size from 5,201 to 10,500 square feet of land area. These properties sold in March 2015 or May 2015 for prices ranging from \$81,000 to \$143,000 or from \$76.92 to \$154.59 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted seven suggested comparable sales for the Board's consideration. The Board gave less weight to the comparables submitted by the appellants due to their distant locations to the subject.

The Board finds the best evidence of market value to be the comparables submitted by the board of review. These four comparables are similar to the subject in location, dwelling size, design, age and some features. These comparables sold in March 2015 or May 2015 for prices ranging from \$81,000 to \$143,000 or from \$76.92 and \$154.59 per square foot of living area, including land. The subject's assessment reflects a market value of \$77,123 or \$83.80 per square foot of living area, including land, which is below the overall price range but within the range established by the most similar comparable sales in the record on a square foot basis. After considering adjustments to the comparable sales for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by the assessment is supported. Based on this evidence the Board finds no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
