

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hong Wang
DOCKET NO.: 16-02861.001-R-1
PARCEL NO.: 07-21-308-028

The parties of record before the Property Tax Appeal Board are Hong Wang, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,262
IMPR.: \$75,226
TOTAL: \$94,488

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction that was built in 1990. The dwelling contains 2,287 square feet of living area. Features include an unfinished basement, central air conditioning, a fireplace and a 420 square foot garage. The subject has a 12,538 square foot site. The subject property is located in Warren Township, Lake County.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. In support of the overvaluation claim, the appellant submitted a grid analysis of three comparable properties located within .44 of a mile from the subject. The comparables consist of two-story dwellings of wood siding exterior construction that were built from 1989 to 1992. One comparable has an unfinished basement and two comparables have partial finished basements. Other features include central air conditioning, a fireplace and garages that have 420 or 440 square feet of building area. The dwellings range in size from 2,352 to 2,404 square feet

of living area and are situated on sites that contain from 12,000 to 14,065 square feet of land area. The comparables sold from June 2013 to June 2015 for prices ranging from \$210,000 to \$255,000 or from \$88.75 to \$108.41 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$94,488. The subject's assessment reflects an estimated market value of \$284,946 or \$124.59 per square foot of living area including land area when applying Lake County's 2016 three-year average median level of assessment of 33.16%.

In support of the subject's assessment, the board of review submitted four comparable sales located within .311 of a mile and within the same subdivision as the subject. They consist of two-story dwellings of wood siding exterior construction that were built in 1989 or 1991. Three comparables have finished basements and one comparable has an unfinished basement. All the comparables have central air conditioning; three comparables have a fireplace; and each comparable has a garage with 420 or 440 square feet of building area. The dwellings range in size from 2,166 to 2,338 square feet of living area and are situated on sites that range in size from 10,018 to 13,296 square feet of land area. The comparables sold from June 2015 to April 2016 for prices ranging from \$270,000 to \$308,000 or from \$124.65 to \$131.98 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The record contains seven comparable sales for the Board's consideration. The Board gave less weight to comparables #2 and #3 submitted by the appellant. Comparables #2 and #3 sold in 2013 or 2014, which are dated in relation to the subject's January 1, 2016 assessment date to be considered indicative of market value. The Board finds the remaining five comparable sales are more similar when compared to the subject in location, land area, design, age, features and sold more proximate in time to the subject's assessment date. These comparables sold from June 2015 to April 2016 for prices ranging from \$255,000 to \$308,000 or from \$108.41 to \$131.98 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$284,946 or \$124.59 per square foot of living area including land, which falls within the range established by the most similar comparable sales contained in this record. After considering adjustments to the comparables for differences to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
