

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hong Wang
DOCKET NO.: 16-02868.001-R-1
PARCEL NO.: 07-26-420-003

The parties of record before the Property Tax Appeal Board are Hong Wang, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,917
IMPR.: \$61,354
TOTAL: \$74,271

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2016 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of aluminum siding exterior construction that was built in 2003. The dwelling contains 2,172 square feet of living area. Features include a finished basement, central air conditioning, a fireplace and a 440 square foot garage. The subject has a 7,644 square foot site. The subject property is located in Warren Township, Lake County.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. In support of the overvaluation claim, the appellant submitted a grid analysis of three comparable properties located within .10 of a mile from the subject. The comparables consist of two-story dwellings of wood siding exterior construction that were built in 1999 or 2000. Two comparables have partial finished basements and one comparable has an unfinished basement. The comparables have central air conditioning, a fireplace and garages that have 400 square feet of building area. The dwellings have 2,080 or 2,132 square feet of living area and are

situated on sites that contain 7,224 or 8,314 square feet of land area. The comparables sold from July 2015 to December 2015 for prices ranging from \$175,000 to \$215,000 or from \$84.13 to \$100.84 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$74,271. The subject's assessment reflects an estimated market value of \$223,978 or \$103.12 per square foot of living area including land area when applying Lake County's 2016 three-year average median level of assessment of 33.16%.

In support of the subject's assessment, the board of review submitted four comparable sales located within .114 of a mile and within the same subdivision as the subject. They consist of two-story dwellings of wood siding exterior construction that were built from 1997 to 2002. The comparables have finished basements, central air conditioning and garages that have 400 or 462 square feet of building area. Three comparables have a fireplace. The dwellings range in size from 2,074 to 2,192 square feet of living area and are situated on sites that range in size from 7,264 to 7,844 square feet of land area. The comparables sold from June 2015 to June 2016 for prices ranging from \$226,000 to \$260,000 or from \$103.10 to \$122.99 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The record contains seven comparable sales for the Board's consideration. The Board finds the both parties' comparables were generally similar when compared to the subject in location, land area, design, age dwelling size and features. The comparables sold from June 2015 to June 2016 for prices ranging from \$175,000 to \$260,000 or from \$84.13 to \$122.99 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$223,978 or \$103.12 per square foot of living area including land, which falls within the range established by the similar comparable sales contained in this record as submitted by both parties. After considering adjustments to the comparables for differences to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
